

State DUI Laws: Florida

Legal Blood Alcohol Content Level: .08

Automatic Suspension of License for Failure of Blood Alcohol Test or Refusal to Submit to Test: Yes

Ignition Interlock Requirement upon Conviction: Yes

Felony Conviction for Repeat Offenses: Yes

Florida Statutes

§ 316.193. Driving under the influence; penalties

(1) A person is guilty of the offense of driving under the influence and is subject to punishment as provided in subsection (2) if the person is driving or in actual physical control of a vehicle within this state and:

(a) The person is under the influence of alcoholic beverages, any chemical substance set forth in s. 877.111, or any substance controlled under chapter 893, when affected to the extent that the person's normal faculties are impaired;

(b) The person has a blood-alcohol level of 0.08 or more grams of alcohol per 100 milliliters of blood; or

(c) The person has a breath-alcohol level of 0.08 or more grams of alcohol per 210 liters of breath.

(2) (a) Except as provided in paragraph (b), subsection (3), or subsection (4), any person who is convicted of a violation of subsection (1) shall be punished:

1. By a fine of:

a. Not less than \$ 250 or more than \$ 500 for a first conviction.

b. Not less than \$ 500 or more than \$ 1,000 for a second conviction; and

2. By imprisonment for:

a. Not more than 6 months for a first conviction.

b. Not more than 9 months for a second conviction.

3. For a second conviction, by mandatory placement for a period of at least 1 year, at the convicted person's sole expense, of an ignition interlock device approved by the department in accordance with s. 316.1938 upon all vehicles that are individually or jointly leased or owned and routinely operated by the convicted person, when the convicted person qualifies for a permanent or restricted license. The installation of such device may not occur before July 1, 2003.

(b) 1. Any person who is convicted of a third violation of this section for an offense that occurs within 10 years after a prior conviction for a violation of this section commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. In addition, the court shall order the mandatory placement for a period of not less than 2 years, at the convicted person's sole expense, of an ignition interlock device approved by the department in accordance with s. 316.1938 upon all vehicles that are individually or jointly leased or owned and routinely operated by the convicted person, when the convicted person qualifies for a permanent or restricted license. The installation of such device may not occur before July 1, 2003.

2. Any person who is convicted of a third violation of this section for an offense that occurs more than 10 years after the date of a prior conviction for a violation of this section shall be punished by a fine of not less than \$ 1,000 or more than \$ 2,500 and by imprisonment for not more than 12 months. In addition, the court shall order the mandatory placement for a period of at least 2 years, at the convicted person's sole expense, of an ignition interlock device approved by the department in accordance with s. 316.1938 upon all vehicles that are individually or jointly leased or owned and routinely operated by the convicted person, when the convicted person qualifies for a permanent or restricted license. The installation of such device may not occur before July 1, 2003.

3. Any person who is convicted of a fourth or subsequent violation of this section, regardless of when any prior conviction for a violation of this section occurred, commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. However, the fine imposed for such fourth or subsequent violation may be not less than \$ 1,000.

(3) Any person:

(a) Who is in violation of subsection (1);

(b) Who operates a vehicle; and

(c) Who, by reason of such operation, causes or contributes to causing:

1. Damage to the property or person of another commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

2. Serious bodily injury to another, as defined in s. 316.1933, commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

3. The death of any human being commits DUI manslaughter, and commits:

a. A felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

b. A felony of the first degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if:

(I) At the time of the crash, the person knew, or should have known, that the crash occurred; and

(II) The person failed to give information and render aid as required by s. 316.062.

(4) Any person who is convicted of a violation of subsection (1) and who has a blood-alcohol level or breath-alcohol level

of 0.20 or higher, or any person who is convicted of a violation of subsection (1) and who at the time of the offense was accompanied in the vehicle by a person under the age of 18 years, shall be punished:

(a) By a fine of:

1. Not less than \$ 500 or more than \$ 1,000 for a first conviction.
2. Not less than \$ 1,000 or more than \$ 2,000 for a second conviction.
3. Not less than \$ 2,000 for a third or subsequent conviction.

(b) By imprisonment for:

1. Not more than 9 months for a first conviction.
2. Not more than 12 months for a second conviction.

For the purposes of this subsection, only the instant offense is required to be a violation of subsection (1) by a person who has a blood-alcohol level or breath-alcohol level of 0.20 or higher.

(c) In addition to the penalties in paragraphs (a) and (b), the court shall order the mandatory placement, at the convicted person's sole expense, of an ignition interlock device approved by the department in accordance with s. 316.1938 upon all vehicles that are individually or jointly leased or owned and routinely operated by the convicted person for up to 6 months for the first offense and for at least 2 years for a second offense, when the convicted person qualifies for a permanent or restricted license. The installation of such device may not occur before July 1, 2003.

(5) The court shall place all offenders convicted of violating this section on monthly reporting probation and shall require completion of a substance abuse course conducted by a DUI program licensed by the department under s. 322.292, which must include a psychosocial evaluation of the offender. If the DUI program refers the offender to an authorized substance abuse treatment provider for substance abuse treatment, in addition to any sentence or fine imposed under this section, completion of all such education, evaluation, and treatment is a condition of reporting probation. The offender shall assume reasonable costs for such education, evaluation, and treatment. The referral to treatment resulting from a psychosocial evaluation shall not be waived without a supporting independent psychosocial evaluation conducted by an authorized substance abuse treatment provider appointed by the court, which shall have access to the DUI program's psychosocial evaluation before the independent psychosocial evaluation is conducted. The court shall review the results and recommendations of both evaluations before determining the request for waiver. The offender shall bear the full cost of this procedure. The term "substance abuse" means the abuse of alcohol or any substance named or described in Schedules I through V of s. 893.03. If an offender referred to treatment under this subsection fails to report for or complete such treatment or fails to complete the DUI program substance abuse education course and evaluation, the DUI program shall notify the court and the department of the failure. Upon receipt of the notice, the department shall cancel the offender's driving privilege, notwithstanding the terms of the court order or any suspension or revocation of the driving privilege. The department may temporarily reinstate the driving privilege on a restricted basis upon verification from the DUI program that the offender is currently participating in treatment and the DUI education course and evaluation requirement has been completed. If the DUI program notifies the department of the second failure to complete treatment, the department shall reinstate the driving privilege only after notice of completion of treatment from the DUI program. The organization that conducts the substance abuse education and evaluation may not provide

required substance abuse treatment unless a waiver has been granted to that organization by the department. A waiver may be granted only if the department determines, in accordance with its rules, that the service provider that conducts the substance abuse education and evaluation is the most appropriate service provider and is licensed under chapter 397 or is exempt from such licensure. A statistical referral report shall be submitted quarterly to the department by each organization authorized to provide services under this section.

(6) With respect to any person convicted of a violation of subsection (1), regardless of any penalty imposed pursuant to subsection (2), subsection (3), or subsection (4):

(a) For the first conviction, the court shall place the defendant on probation for a period not to exceed 1 year and, as a condition of such probation, shall order the defendant to participate in public service or a community work project for a minimum of 50 hours; or the court may order instead, that any defendant pay an additional fine of \$ 10 for each hour of public service or community work otherwise required, if, after consideration of the residence or location of the defendant at the time public service or community work is required, payment of the fine is in the best interests of the state. However, the total period of probation and incarceration may not exceed 1 year. The court must also, as a condition of probation, order the impoundment or immobilization of the vehicle that was operated by or in the actual control of the defendant or any one vehicle registered in the defendant's name at the time of impoundment or immobilization, for a period of 10 days or for the unexpired term of any lease or rental agreement that expires within 10 days. The impoundment or immobilization must not occur concurrently with the incarceration of the defendant. The impoundment or immobilization order may be dismissed in accordance with paragraph (e), paragraph (f), paragraph (g), or paragraph (h).

(b) For the second conviction for an offense that occurs within a period of 5 years after the date of a prior conviction for violation of this section, the court shall order imprisonment for not less than 10 days. The court must also, as a condition of probation, order the impoundment or immobilization of all vehicles owned by the defendant at the time of impoundment or immobilization, for a period of 30 days or for the unexpired term of any lease or rental agreement that expires within 30 days. The impoundment or immobilization must not occur concurrently with the incarceration of the defendant and must occur concurrently with the driver's license revocation imposed under s. 322.28(2)(a)2. The impoundment or immobilization order may be dismissed in accordance with paragraph (e), paragraph (f), paragraph (g), or paragraph (h). At least 48 hours of confinement must be consecutive.

(c) For the third or subsequent conviction for an offense that occurs within a period of 10 years after the date of a prior conviction for violation of this section, the court shall order imprisonment for not less than 30 days. The court must also, as a condition of probation, order the impoundment or immobilization of all vehicles owned by the defendant at the time of impoundment or immobilization, for a period of 90 days or for the unexpired term of any lease or rental agreement that expires within 90 days. The impoundment or immobilization must not occur concurrently with the incarceration of the defendant and must occur concurrently with the driver's license revocation imposed under s. 322.28(2)(a)3. The impoundment or immobilization order may be dismissed in accordance with paragraph (e), paragraph (f), paragraph (g), or paragraph (h). At least 48 hours of confinement must be consecutive.

(d) The court must at the time of sentencing the defendant issue an order for the impoundment or immobilization of a vehicle. Within 7 business days after the date that the court issues the order of impoundment or immobilization, the clerk of the court must send notice by certified mail, return receipt requested, to the registered owner of each vehicle, if the registered owner is a person other than the defendant, and to each person of record claiming a lien against the vehicle.

(e) A person who owns but was not operating the vehicle when the offense occurred may submit to the court a police

report indicating that the vehicle was stolen at the time of the offense or documentation of having purchased the vehicle after the offense was committed from an entity other than the defendant or the defendant's agent. If the court finds that the vehicle was stolen or that the sale was not made to circumvent the order and allow the defendant continued access to the vehicle, the order must be dismissed and the owner of the vehicle will incur no costs. If the court denies the request to dismiss the order of impoundment or immobilization, the petitioner may request an evidentiary hearing.

(f) A person who owns but was not operating the vehicle when the offense occurred, and whose vehicle was stolen or who purchased the vehicle after the offense was committed directly from the defendant or the defendant's agent, may request an evidentiary hearing to determine whether the impoundment or immobilization should occur. If the court finds that either the vehicle was stolen or the purchase was made without knowledge of the offense, that the purchaser had no relationship to the defendant other than through the transaction, and that such purchase would not circumvent the order and allow the defendant continued access to the vehicle, the order must be dismissed and the owner of the vehicle will incur no costs.

(g) The court shall also dismiss the order of impoundment or immobilization of the vehicle if the court finds that the family of the owner of the vehicle has no other private or public means of transportation.

(h) The court may also dismiss the order of impoundment or immobilization of any vehicles that are owned by the defendant but that are operated solely by the employees of the defendant or any business owned by the defendant.

(i) All costs and fees for the impoundment or immobilization, including the cost of notification, must be paid by the owner of the vehicle or, if the vehicle is leased or rented, by the person leasing or renting the vehicle, unless the impoundment or immobilization order is dismissed. All provisions of s. 713.78 shall apply.

(j) The person who owns a vehicle that is impounded or immobilized under this paragraph, or a person who has a lien of record against such a vehicle and who has not requested a review of the impoundment pursuant to paragraph (e), paragraph (f), or paragraph (g), may, within 10 days after the date that person has knowledge of the location of the vehicle, file a complaint in the county in which the owner resides to determine whether the vehicle was wrongfully taken or withheld from the owner or lienholder. Upon the filing of a complaint, the owner or lienholder may have the vehicle released by posting with the court a bond or other adequate security equal to the amount of the costs and fees for impoundment or immobilization, including towing or storage, to ensure the payment of such costs and fees if the owner or lienholder does not prevail. When the bond is posted and the fee is paid as set forth in s. 28.24, the clerk of the court shall issue a certificate releasing the vehicle. At the time of release, after reasonable inspection, the owner or lienholder must give a receipt to the towing or storage company indicating any loss or damage to the vehicle or to the contents of the vehicle.

(k) A defendant, in the court's discretion, may be required to serve all or any portion of a term of imprisonment to which the defendant has been sentenced pursuant to this section in a residential alcoholism treatment program or a residential drug abuse treatment program. Any time spent in such a program must be credited by the court toward the term of imprisonment.

For the purposes of this section, any conviction for a violation of s. 327.35; a previous conviction for the violation of former s. 316.1931, former s. 860.01, or former s. 316.028; or a previous conviction outside this state for driving under the influence, driving while intoxicated, driving with an unlawful blood-alcohol level, driving with an unlawful breath-alcohol level, or any other similar alcohol-related or drug-related traffic offense, is also considered a previous conviction for violation of this section. However, in satisfaction of the fine imposed pursuant to this section, the court may, upon a

finding that the defendant is financially unable to pay either all or part of the fine, order that the defendant participate for a specified additional period of time in public service or a community work project in lieu of payment of that portion of the fine which the court determines the defendant is unable to pay. In determining such additional sentence, the court shall consider the amount of the unpaid portion of the fine and the reasonable value of the services to be ordered; however, the court may not compute the reasonable value of services at a rate less than the federal minimum wage at the time of sentencing.

(7) A conviction under this section does not bar any civil suit for damages against the person so convicted.

(8) At the arraignment, or in conjunction with any notice of arraignment provided by the clerk of the court, the clerk shall provide any person charged with a violation of this section with notice that upon conviction the court shall suspend or revoke the offender's driver's license and that the offender should make arrangements for transportation at any proceeding in which the court may take such action. Failure to provide such notice does not affect the court's suspension or revocation of the offender's driver's license.

(9) A person who is arrested for a violation of this section may not be released from custody:

(a) Until the person is no longer under the influence of alcoholic beverages, any chemical substance set forth in s. 877.111, or any substance controlled under chapter 893 and affected to the extent that his or her normal faculties are impaired;

(b) Until the person's blood-alcohol level or breath-alcohol level is less than 0.05; or

(c) Until 8 hours have elapsed from the time the person was arrested.

(10) The rulings of the Department of Highway Safety and Motor Vehicles under s. 322.2615 shall not be considered in any trial for a violation of this section. Testimony or evidence from the administrative proceedings or any written statement submitted by a person in his or her request for administrative review is inadmissible into evidence or for any other purpose in any criminal proceeding, unless timely disclosed in criminal discovery pursuant to Rule 3.220, Florida Rules of Criminal Procedure.

(11) The Department of Highway Safety and Motor Vehicles is directed to adopt rules providing for the implementation of the use of ignition interlock devices.

(12) If the records of the Department of Highway Safety and Motor Vehicles show that the defendant has been previously convicted of the offense of driving under the influence, that evidence is sufficient by itself to establish that prior conviction for driving under the influence. However, such evidence may be contradicted or rebutted by other evidence. This presumption may be considered along with any other evidence presented in deciding whether the defendant has been previously convicted of the offense of driving under the influence.

§ 316.1932. Tests for alcohol, chemical substances, or controlled substances; implied consent; refusal

(1) (a) 1. a. Any person who accepts the privilege extended by the laws of this state of operating a motor vehicle within this state is, by so operating such vehicle, deemed to have given his or her consent to submit to an approved chemical test or physical test including, but not limited to, an infrared light test of his or her breath for the purpose of determining the alcoholic content of his or her blood or breath if the person is lawfully arrested for any offense allegedly committed

while the person was driving or was in actual physical control of a motor vehicle while under the influence of alcoholic beverages. The chemical or physical breath test must be incidental to a lawful arrest and administered at the request of a law enforcement officer who has reasonable cause to believe such person was driving or was in actual physical control of the motor vehicle within this state while under the influence of alcoholic beverages. The administration of a breath test does not preclude the administration of another type of test. The person shall be told that his or her failure to submit to any lawful test of his or her breath will result in the suspension of the person's privilege to operate a motor vehicle for a period of 1 year for a first refusal, or for a period of 18 months if the driving privilege of such person has been previously suspended as a result of a refusal to submit to such a test or tests, and shall also be told that if he or she refuses to submit to a lawful test of his or her breath and his or her driving privilege has been previously suspended for a prior refusal to submit to a lawful test of his or her breath, urine, or blood, he or she commits a misdemeanor in addition to any other penalties. The refusal to submit to a chemical or physical breath test upon the request of a law enforcement officer as provided in this section is admissible into evidence in any criminal proceeding.

b. Any person who accepts the privilege extended by the laws of this state of operating a motor vehicle within this state is, by so operating such vehicle, deemed to have given his or her consent to submit to a urine test for the purpose of detecting the presence of chemical substances as set forth in s. 877.111 or controlled substances if the person is lawfully arrested for any offense allegedly committed while the person was driving or was in actual physical control of a motor vehicle while under the influence of chemical substances or controlled substances. The urine test must be incidental to a lawful arrest and administered at a detention facility or any other facility, mobile or otherwise, which is equipped to administer such tests at the request of a law enforcement officer who has reasonable cause to believe such person was driving or was in actual physical control of a motor vehicle within this state while under the influence of chemical substances or controlled substances. The urine test shall be administered at a detention facility or any other facility, mobile or otherwise, which is equipped to administer such test in a reasonable manner that will ensure the accuracy of the specimen and maintain the privacy of the individual involved. The administration of a urine test does not preclude the administration of another type of test. The person shall be told that his or her failure to submit to any lawful test of his or her urine will result in the suspension of the person's privilege to operate a motor vehicle for a period of 1 year for the first refusal, or for a period of 18 months if the driving privilege of such person has been previously suspended as a result of a refusal to submit to such a test or tests, and shall also be told that if he or she refuses to submit to a lawful test of his or her urine and his or her driving privilege has been previously suspended for a prior refusal to submit to a lawful test of his or her breath, urine, or blood, he or she commits a misdemeanor in addition to any other penalties. The refusal to submit to a urine test upon the request of a law enforcement officer as provided in this section is admissible into evidence in any criminal proceeding.

2. The Alcohol Testing Program within the Department of Law Enforcement is responsible for the regulation of the operation, inspection, and registration of breath test instruments utilized under the driving and boating under the influence provisions and related provisions located in this chapter and chapters 322 and 327. The program is responsible for the regulation of the individuals who operate, inspect, and instruct on the breath test instruments utilized in the driving and boating under the influence provisions and related provisions located in this chapter and chapters 322 and 327. The program is further responsible for the regulation of blood analysts who conduct blood testing to be utilized under the driving and boating under the influence provisions and related provisions located in this chapter and chapters 322 and 327. The program shall:

a. Establish uniform criteria for the issuance of permits to breath test operators, agency inspectors, instructors, blood analysts, and instruments.

b. Have the authority to permit breath test operators, agency inspectors, instructors, blood analysts, and

instruments.

c. Have the authority to discipline and suspend, revoke, or renew the permits of breath test operators, agency inspectors, instructors, blood analysts, and instruments.

d. Establish uniform requirements for instruction and curricula for the operation and inspection of approved instruments.

e. Have the authority to specify one approved curriculum for the operation and inspection of approved instruments.

f. Establish a procedure for the approval of breath test operator and agency inspector classes.

g. Have the authority to approve or disapprove breath test instruments and accompanying paraphernalia for use pursuant to the driving and boating under the influence provisions and related provisions located in this chapter and chapters 322 and 327.

h. With the approval of the executive director of the Department of Law Enforcement, make and enter into contracts and agreements with other agencies, organizations, associations, corporations, individuals, or federal agencies as are necessary, expedient, or incidental to the performance of duties.

i. Issue final orders which include findings of fact and conclusions of law and which constitute final agency action for the purpose of chapter 120.

j. Enforce compliance with the provisions of this section through civil or administrative proceedings.

k. Make recommendations concerning any matter within the purview of this section, this chapter, chapter 322, or chapter 327.

l. Promulgate rules for the administration and implementation of this section, including definitions of terms.

m. Consult and cooperate with other entities for the purpose of implementing the mandates of this section.

n. Have the authority to approve the type of blood test utilized under the driving and boating under the influence provisions and related provisions located in this chapter and chapters 322 and 327.

o. Have the authority to specify techniques and methods for breath alcohol testing and blood testing utilized under the driving and boating under the influence provisions and related provisions located in this chapter and chapters 322 and 327.

p. Have the authority to approve repair facilities for the approved breath test instruments, including the authority to set criteria for approval.

Nothing in this section shall be construed to supersede provisions in this chapter and chapters 322 and 327. The specifications in this section are derived from the power and authority previously and currently possessed by the Department of Law Enforcement and are enumerated to conform with the mandates of chapter 99-379, Laws of Florida.

(b) 1. The blood-alcohol level must be based upon grams of alcohol per 100 milliliters of blood. The breath-alcohol level must be based upon grams of alcohol per 210 liters of breath.

2. An analysis of a person's breath, in order to be considered valid under this section, must have been performed substantially according to methods approved by the Department of Law Enforcement. For this purpose, the department may approve satisfactory techniques or methods. Any insubstantial differences between approved techniques and actual testing procedures in any individual case do not render the test or test results invalid.

(c) Any person who accepts the privilege extended by the laws of this state of operating a motor vehicle within this state is, by operating such vehicle, deemed to have given his or her consent to submit to an approved blood test for the purpose of determining the alcoholic content of the blood or a blood test for the purpose of determining the presence of chemical substances or controlled substances as provided in this section if there is reasonable cause to believe the person was driving or in actual physical control of a motor vehicle while under the influence of alcoholic beverages or chemical or controlled substances and the person appears for treatment at a hospital, clinic, or other medical facility and the administration of a breath or urine test is impractical or impossible. As used in this paragraph, the term "other medical facility" includes an ambulance or other medical emergency vehicle. The blood test shall be performed in a reasonable manner. Any person who is incapable of refusal by reason of unconsciousness or other mental or physical condition is deemed not to have withdrawn his or her consent to such test. A blood test may be administered whether or not the person is told that his or her failure to submit to such a blood test will result in the suspension of the person's privilege to operate a motor vehicle upon the public highways of this state and that a refusal to submit to a lawful test of his or her blood, if his or her driving privilege has been previously suspended for refusal to submit to a lawful test of his or her breath, urine, or blood, is a misdemeanor. Any person who is capable of refusal shall be told that his or her failure to submit to such a blood test will result in the suspension of the person's privilege to operate a motor vehicle for a period of 1 year for a first refusal, or for a period of 18 months if the driving privilege of the person has been suspended previously as a result of a refusal to submit to such a test or tests, and that a refusal to submit to a lawful test of his or her blood, if his or her driving privilege has been previously suspended for a prior refusal to submit to a lawful test of his or her breath, urine, or blood, is a misdemeanor. The refusal to submit to a blood test upon the request of a law enforcement officer is admissible in evidence in any criminal proceeding.

(d) If the arresting officer does not request a chemical or physical breath test of the person arrested for any offense allegedly committed while the person was driving or was in actual physical control of a motor vehicle while under the influence of alcoholic beverages or controlled substances, such person may request the arresting officer to have a chemical or physical test made of the arrested person's breath or a test of the urine or blood for the purpose of determining the alcoholic content of the person's blood or breath or the presence of chemical substances or controlled substances; and, if so requested, the arresting officer shall have the test performed.

(e) 1. By applying for a driver's license and by accepting and using a driver's license, the person holding the driver's license is deemed to have expressed his or her consent to the provisions of this section.

2. A nonresident or any other person driving in a status exempt from the requirements of the driver's license law, by his or her act of driving in such exempt status, is deemed to have expressed his or her consent to the provisions of this section.

3. A warning of the consent provision of this section shall be printed above the signature line on each new or renewed driver's license.

(f) 1. The tests determining the weight of alcohol in the defendant's blood or breath shall be administered at the request of a law enforcement officer substantially in accordance with rules of the Department of Law Enforcement. Such rules must specify precisely the test or tests that are approved by the Department of Law Enforcement for reliability of result and ease of administration, and must provide an approved method of administration which must be followed in all such tests given under this section. However, the failure of a law enforcement officer to request the withdrawal of blood does not affect the admissibility of a test of blood withdrawn for medical purposes.

2. a. Only a physician, certified paramedic, registered nurse, licensed practical nurse, other personnel authorized by a hospital to draw blood, or duly licensed clinical laboratory director, supervisor, technologist, or technician, acting at the request of a law enforcement officer, may withdraw blood for the purpose of determining its alcoholic content or the presence of chemical substances or controlled substances therein. However, the failure of a law enforcement officer to request the withdrawal of blood does not affect the admissibility of a test of blood withdrawn for medical purposes.

b. Notwithstanding any provision of law pertaining to the confidentiality of hospital records or other medical records, if a health care provider, who is providing medical care in a health care facility to a person injured in a motor vehicle crash, becomes aware, as a result of any blood test performed in the course of that medical treatment, that the person's blood-alcohol level meets or exceeds the blood-alcohol level specified in s. 316.193(1)(b), the health care provider may notify any law enforcement officer or law enforcement agency. Any such notice must be given within a reasonable time after the health care provider receives the test result. Any such notice shall be used only for the purpose of providing the law enforcement officer with reasonable cause to request the withdrawal of a blood sample pursuant to this section.

c. The notice shall consist only of the name of the person being treated, the name of the person who drew the blood, the blood-alcohol level indicated by the test, and the date and time of the administration of the test.

d. Nothing contained in s. 395.3025(4), s. 456.057, or any applicable practice act affects the authority to provide notice under this section, and the health care provider is not considered to have breached any duty owed to the person under s. 395.3025(4), s. 456.057, or any applicable practice act by providing notice or failing to provide notice. It shall not be a breach of any ethical, moral, or legal duty for a health care provider to provide notice or fail to provide notice.

e. A civil, criminal, or administrative action may not be brought against any person or health care provider participating in good faith in the provision of notice or failure to provide notice as provided in this section. Any person or health care provider participating in the provision of notice or failure to provide notice as provided in this section shall be immune from any civil or criminal liability and from any professional disciplinary action with respect to the provision of notice or failure to provide notice under this section. Any such participant has the same immunity with respect to participating in any judicial proceedings resulting from the notice or failure to provide notice.

3. The person tested may, at his or her own expense, have a physician, registered nurse, other personnel authorized by a hospital to draw blood, or duly licensed clinical laboratory director, supervisor, technologist, or technician, or other person of his or her own choosing administer an independent test in addition to the test administered at the direction of the law enforcement officer for the purpose of determining the amount of alcohol in the person's blood or breath or the presence of chemical substances or controlled substances at the time alleged, as shown by chemical analysis of his or her blood or urine, or by chemical or physical test of his or her breath. The failure or inability to obtain an independent test by a person does not preclude the admissibility in evidence of the test taken at the direction of the law enforcement officer. The law enforcement officer shall not interfere with the person's opportunity to obtain the independent test and shall provide the person with timely telephone access to secure the test, but the burden is on the person to arrange and

secure the test at the person's own expense.

4. Upon the request of the person tested, full information concerning the test taken at the direction of the law enforcement officer shall be made available to the person or his or her attorney.

5. A hospital, clinical laboratory, medical clinic, or similar medical institution or physician, certified paramedic, registered nurse, licensed practical nurse, other personnel authorized by a hospital to draw blood, or duly licensed clinical laboratory director, supervisor, technologist, or technician, or other person assisting a law enforcement officer does not incur any civil or criminal liability as a result of the withdrawal or analysis of a blood or urine specimen, or the chemical or physical test of a person's breath pursuant to accepted medical standards when requested by a law enforcement officer, regardless of whether or not the subject resisted administration of the test.

(2) The results of any test administered pursuant to this section for the purpose of detecting the presence of any controlled substance shall not be admissible as evidence in a criminal prosecution for the possession of a controlled substance.

(3) Notwithstanding any provision of law pertaining to the confidentiality of hospital records or other medical records, information relating to the alcoholic content of the blood or breath or the presence of chemical substances or controlled substances in the blood obtained pursuant to this section shall be released to a court, prosecuting attorney, defense attorney, or law enforcement officer in connection with an alleged violation of s. 316.193 upon request for such information.

§ 316.1933. Blood test for impairment or intoxication in cases of death or serious bodily injury; right to use reasonable force

(1) (a) If a law enforcement officer has probable cause to believe that a motor vehicle driven by or in the actual physical control of a person under the influence of alcoholic beverages, any chemical substances, or any controlled substances has caused the death or serious bodily injury of a human being, a law enforcement officer shall require the person driving or in actual physical control of the motor vehicle to submit to a test of the person's blood for the purpose of determining the alcoholic content thereof or the presence of chemical substances as set forth in s. 877.111 or any substance controlled under chapter 893. The law enforcement officer may use reasonable force if necessary to require such person to submit to the administration of the blood test. The blood test shall be performed in a reasonable manner. Notwithstanding s. 316.1932, the testing required by this paragraph need not be incidental to a lawful arrest of the person.

(b) The term "serious bodily injury" means an injury to any person, including the driver, which consists of a physical condition that creates a substantial risk of death, serious personal disfigurement, or protracted loss or impairment of the function of any bodily member or organ.

(2) (a) Only a physician, certified paramedic, registered nurse, licensed practical nurse, other personnel authorized by a hospital to draw blood, or duly licensed clinical laboratory director, supervisor, technologist, or technician, acting at the request of a law enforcement officer, may withdraw blood for the purpose of determining the alcoholic content thereof or the presence of chemical substances or controlled substances therein. However, the failure of a law enforcement officer to request the withdrawal of blood shall not affect the admissibility of a test of blood withdrawn for medical purposes.

1. Notwithstanding any provision of law pertaining to the confidentiality of hospital records or other medical records,

if a health care provider, who is providing medical care in a health care facility to a person injured in a motor vehicle crash, becomes aware, as a result of any blood test performed in the course of that medical treatment, that the person's blood-alcohol level meets or exceeds the blood-alcohol level specified in s. 316.193(1)(b), the health care provider may notify any law enforcement officer or law enforcement agency. Any such notice must be given within a reasonable time after the health care provider receives the test result. Any such notice shall be used only for the purpose of providing the law enforcement officer with reasonable cause to request the withdrawal of a blood sample pursuant to this section.

2. The notice shall consist only of the name of the person being treated, the name of the person who drew the blood, the blood-alcohol level indicated by the test, and the date and time of the administration of the test.

3. Nothing contained in s. 395.3025(4), s. 456.057, or any applicable practice act affects the authority to provide notice under this section, and the health care provider is not considered to have breached any duty owed to the person under s. 395.3025(4), s. 456.057, or any applicable practice act by providing notice or failing to provide notice. It shall not be a breach of any ethical, moral, or legal duty for a health care provider to provide notice or fail to provide notice.

4. A civil, criminal, or administrative action may not be brought against any person or health care provider participating in good faith in the provision of notice or failure to provide notice as provided in this section. Any person or health care provider participating in the provision of notice or failure to provide notice as provided in this section shall be immune from any civil or criminal liability and from any professional disciplinary action with respect to the provision of notice or failure to provide notice under this section. Any such participant has the same immunity with respect to participating in any judicial proceedings resulting from the notice or failure to provide notice.

(b) A chemical analysis of the person's blood to determine the alcoholic content thereof must have been performed substantially in accordance with methods approved by the Department of Law Enforcement and by an individual possessing a valid permit issued by the department for this purpose. The Department of Law Enforcement may approve satisfactory techniques or methods, ascertain the qualifications and competence of individuals to conduct such analyses, and issue permits that are subject to termination or revocation at the discretion of the department. Any insubstantial differences between approved methods or techniques and actual testing procedures, or any insubstantial defects concerning the permit issued by the department, in any individual case, shall not render the test or test results invalid.

(c) No hospital, clinical laboratory, medical clinic, or similar medical institution or physician, certified paramedic, registered nurse, licensed practical nurse, other personnel authorized by a hospital to draw blood, or duly licensed clinical laboratory director, supervisor, technologist, or technician, or other person assisting a law enforcement officer shall incur any civil or criminal liability as a result of the withdrawal or analysis of a blood specimen pursuant to accepted medical standards when requested by a law enforcement officer, regardless of whether or not the subject resisted administration of the test.

(3) (a) Any criminal charge resulting from the incident giving rise to the officer's demand for testing shall be tried concurrently with a charge of any violation arising out of the same incident, unless, in the discretion of the court, such charges should be tried separately. If such charges are tried separately, the fact that such person refused, resisted, obstructed, or opposed testing shall be admissible at the trial of the criminal offense which gave rise to the demand for testing.

(b) The results of any test administered pursuant to this section for the purpose of detecting the presence of any controlled substance shall not be admissible as evidence in a criminal prosecution for the possession of a controlled substance.

(4) Notwithstanding any provision of law pertaining to the confidentiality of hospital records or other medical records, information relating to the alcoholic content of the blood or the presence of chemical substances or controlled substances in the blood obtained pursuant to this section shall be released to a court, prosecuting attorney, defense attorney, or law enforcement officer in connection with an alleged violation of s. 316.193 upon request for such information.

§ 316.1934. Presumption of impairment; testing methods

(1) It is unlawful and punishable as provided in chapter 322 and in s. 316.193 for any person who is under the influence of alcoholic beverages or controlled substances, when affected to the extent that the person's normal faculties are impaired or to the extent that the person is deprived of full possession of normal faculties, to drive or be in actual physical control of any motor vehicle within this state. Such normal faculties include, but are not limited to, the ability to see, hear, walk, talk, judge distances, drive an automobile, make judgments, act in emergencies, and, in general, normally perform the many mental and physical acts of daily life.

(2) At the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving, or in actual physical control of, a vehicle while under the influence of alcoholic beverages or controlled substances, when affected to the extent that the person's normal faculties were impaired or to the extent that he or she was deprived of full possession of his or her normal faculties, the results of any test administered in accordance with s. 316.1932 or s. 316.1933 and this section are admissible into evidence when otherwise admissible, and the amount of alcohol in the person's blood or breath at the time alleged, as shown by chemical analysis of the person's blood, or by chemical or physical test of the person's breath, gives rise to the following presumptions:

(a) If there was at that time a blood-alcohol level or breath-alcohol level of 0.05 or less, it is presumed that the person was not under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired.

(b) If there was at that time a blood-alcohol level or breath-alcohol level in excess of 0.05 but less than 0.08, that fact does not give rise to any presumption that the person was or was not under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired but may be considered with other competent evidence in determining whether the person was under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired.

(c) If there was at that time a blood-alcohol level or breath-alcohol level of 0.08 or higher, that fact is prima facie evidence that the person was under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired. Moreover, such person who has a blood-alcohol level or breath-alcohol level of 0.08 or higher is guilty of driving, or being in actual physical control of, a motor vehicle, with an unlawful blood-alcohol level or breath-alcohol level.

The presumptions provided in this subsection do not limit the introduction of any other competent evidence bearing upon the question of whether the person was under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired.

(3) A chemical analysis of a person's blood to determine alcoholic content or a chemical or physical test of a person's breath, in order to be considered valid under this section, must have been performed substantially in accordance with methods approved by the Department of Law Enforcement and by an individual possessing a valid permit issued by the department for this purpose. Any insubstantial differences between approved techniques and actual testing procedures or any insubstantial defects concerning the permit issued by the department, in any individual case do not render the test or

test results invalid. The Department of Law Enforcement may approve satisfactory techniques or methods, ascertain the qualifications and competence of individuals to conduct such analyses, and issue permits that are subject to termination or revocation in accordance with rules adopted by the department.

(4) Any person charged with a violation of s. 316.193, whether in a municipality or not, is entitled to trial by jury according to the Florida Rules of Criminal Procedure.

(5) An affidavit containing the results of any test of a person's blood or breath to determine its alcohol content, as authorized by s. 316.1932 or s. 316.1933, is admissible in evidence under the exception to the hearsay rule in s. 90.803(8) for public records and reports. Such affidavit is admissible without further authentication and is presumptive proof of the results of an authorized test to determine alcohol content of the blood or breath if the affidavit discloses:

- (a) The type of test administered and the procedures followed;
- (b) The time of the collection of the blood or breath sample analyzed;
- (c) The numerical results of the test indicating the alcohol content of the blood or breath;
- (d) The type and status of any permit issued by the Department of Law Enforcement which was held by the person who performed the test; and
- (e) If the test was administered by means of a breath testing instrument, the date of performance of the most recent required maintenance on such instrument.

The Department of Law Enforcement shall provide a form for the affidavit. Admissibility of the affidavit does not abrogate the right of the person tested to subpoena the person who administered the test for examination as an adverse witness at a civil or criminal trial or other proceeding.

(6) Nothing in this section prohibits the prosecution of a person under s. 322.62. The provisions of subsection (2) do not apply to such prosecution and the presumptions made pursuant to that subsection may not be introduced into evidence during such prosecution.

§ 316.1936. Possession of open containers of alcoholic beverages in vehicles prohibited; penalties

- (1) As used in this section, the term:
 - (a) "Open container" means any container of alcoholic beverage which is immediately capable of being consumed from, or the seal of which has been broken.
 - (b) "Road" means a way open to travel by the public, including, but not limited to, a street, highway, or alley. The term includes associated sidewalks, the roadbed, the right-of-way, and all culverts, drains, sluices, ditches, water storage areas, embankments, slopes, retaining walls, bridges, tunnels, and viaducts necessary for the maintenance of travel and all ferries used in connection therewith.

(2) (a) It is unlawful and punishable as provided in this section for any person to possess an open container of an alcoholic beverage or consume an alcoholic beverage while operating a vehicle in the state or while a passenger in or on

a vehicle being operated in the state.

(b) It is unlawful and punishable as provided in this section for any person to possess an open container of an alcoholic beverage or consume an alcoholic beverage while seated in or on a motor vehicle that is parked or stopped within a road as defined in this section. Notwithstanding the prohibition contained in this section, passengers in vehicles designed, maintained, and used primarily for the transportation of persons for compensation and in motor homes are exempt.

(3) An open container shall be considered to be in the possession of the operator of a vehicle if the container is not in the possession of a passenger and is not located in a locked glove compartment, locked trunk, or other locked nonpassenger area of the vehicle.

(4) An open container shall be considered to be in the possession of a passenger of a vehicle if the container is in the physical control of the passenger.

(5) This section shall not apply to:

(a) A passenger of a vehicle in which the driver is operating the vehicle pursuant to a contract to provide transportation for passengers and such driver holds a valid commercial driver's license with a passenger endorsement or a Class D driver's license issued in accordance with the requirements of chapter 322;

(b) A passenger of a bus in which the driver holds a valid commercial driver's license with a passenger endorsement or a Class D driver's license issued in accordance with the requirements of chapter 322; or

(c) A passenger of a self-contained motor home which is in excess of 21 feet in length.

(6) Any operator of a vehicle who violates this section is guilty of a noncriminal moving traffic violation, punishable as provided in chapter 318. A passenger of a vehicle who violates this section is guilty of a nonmoving traffic violation, punishable as provided in chapter 318.

(7) A county or municipality may adopt an ordinance which imposes more stringent restrictions on the possession of alcoholic beverages in vehicles than those imposed by this section.

(8) Nothing in this section prohibits the enforcement of s. 316.302.

§ 316.1937. Ignition interlock devices, requiring; unlawful acts

(1) In addition to any other authorized penalties, the court may require that any person who is convicted of driving under the influence in violation of s. 316.193 shall not operate a motor vehicle unless that vehicle is equipped with a functioning ignition interlock device certified by the department as provided in s. 316.1938, and installed in such a manner that the vehicle will not start if the operator's blood alcohol level is in excess of 0.05 percent or as otherwise specified by the court. The court may require the use of an approved ignition interlock device for a period of not less than 6 months, if the person is permitted to operate a motor vehicle, whether or not the privilege to operate a motor vehicle is restricted, as determined by the court. The court, however, shall order placement of an ignition interlock device in those circumstances required by s. 316.193.

(2) If the court imposes the use of an ignition interlock device, the court shall:

- (a) Stipulate on the record the requirement for, and the period of, the use of a certified ignition interlock device.
- (b) Order that the records of the department reflect such requirement.
- (c) Order that an ignition interlock device be installed, as the court may determine necessary, on any vehicle owned or operated by the person.
- (d) Determine the person's ability to pay for installation of the device if the person claims inability to pay. If the court determines that the person is unable to pay for installation of the device, the court may order that any portion of a fine paid by the person for a violation of s. 316.193 shall be allocated to defray the costs of installing the device.
- (e) Require proof of installation of the device and periodic reporting to the department for verification of the operation of the device in the person's vehicle.
- (3) If the court imposes the use of an ignition interlock device on a person whose driving privilege is not suspended or revoked, the court shall require the person to provide proof of compliance to the department within 30 days. If the person fails to provide proof of installation within that period, absent a finding by the court of good cause for that failure which is entered in the court record, the court shall notify the department.
- (4) If the court imposes the use of an ignition interlock device on a person whose driving privilege is suspended or revoked for a period of less than 3 years, the department shall require proof of compliance before reinstatement of the person's driving privilege.
- (5) (a) In addition to any other provision of law, upon conviction of a violation of this section the department shall revoke the person's driving privilege for 1 year from the date of conviction. Upon conviction of a separate violation of this section during the same period of required use of an ignition interlock device, the department shall revoke the person's driving privilege for 5 years from the date of conviction.
- (b) Any person convicted of a violation of subsection (6) who does not have a driver's license shall, in addition to any other penalty provided by law, pay a fine of not less than \$ 250 or more than \$ 500 per each such violation. In the event that the person is unable to pay any such fine, the fine shall become a lien against the motor vehicle used in violation of subsection (6) and payment shall be made pursuant to s. 316.3025(5).
- (6) (a) It is unlawful to tamper with, or to circumvent the operation of, a court-ordered ignition interlock device.
- (b) It is unlawful for any person whose driving privilege is restricted pursuant to this section to request or solicit any other person to blow into an ignition interlock device or to start a motor vehicle equipped with the device for the purpose of providing the person so restricted with an operable motor vehicle.
- (c) It is unlawful to blow into an ignition interlock device or to start a motor vehicle equipped with the device for the purpose of providing an operable motor vehicle to a person whose driving privilege is restricted pursuant to this section.
- (d) It is unlawful to knowingly lease or lend a motor vehicle to a person who has had his or her driving privilege restricted as provided in this section, unless the vehicle is equipped with a functioning, certified ignition interlock device. Any person whose driving privilege is restricted under a condition of probation requiring an ignition interlock device shall

notify any other person who leases or loans a motor vehicle to him or her of such driving restriction.

(7) Notwithstanding the provisions of this section, if a person is required to operate a motor vehicle in the course and scope of his or her employment and if the vehicle is owned by the employer, the person may operate that vehicle without installation of an approved ignition interlock device if the employer has been notified of such driving privilege restriction and if proof of that notification is with the vehicle. This employment exemption does not apply, however, if the business entity which owns the vehicle is owned or controlled by the person whose driving privilege has been restricted.

(8) In addition to the penalties provided in this section, a violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

§ 316.1938. Ignition interlock devices, certification; warning label

(1) The Department of Highway Safety and Motor Vehicles shall certify or cause to be certified the accuracy and precision of the breath-testing component of the ignition interlock devices as required by s. 316.1937, and shall publish a list of approved devices, together with rules governing the accuracy and precision of the breath-testing component of such devices as adopted by rule in compliance with s. 316.1937. The cost of certification shall be borne by the manufacturers of ignition interlock devices.

(2) No model of ignition interlock device shall be certified unless it meets the accuracy requirements specified by rule of the department.

(3) The department shall design and adopt by rule a warning label which shall be affixed to each ignition interlock device upon installation. The label shall contain a warning that any person tampering, circumventing, or otherwise misusing the device is guilty of a violation of law and may be subject to civil liability.

§ 316.1939. Refusal to submit to testing; penalties

(1) Any person who has refused to submit to a chemical or physical test of his or her breath, blood, or urine, as described in s. 316.1932, and whose driving privilege was previously suspended for a prior refusal to submit to a lawful test of his or her breath, urine, or blood, and:

(a) Who the arresting law enforcement officer had probable cause to believe was driving or in actual physical control of a motor vehicle in this state while under the influence of alcoholic beverages, chemical substances, or controlled substances;

(b) Who was placed under lawful arrest for a violation of s. 316.193 unless such test was requested pursuant to s. 316.1932(1)(c);

(c) Who was informed that, if he or she refused to submit to such test, his or her privilege to operate a motor vehicle would be suspended for a period of 1 year or, in the case of a second or subsequent refusal, for a period of 18 months;

(d) Who was informed that a refusal to submit to a lawful test of his or her breath, urine, or blood, if his or her driving privilege has been previously suspended for a prior refusal to submit to a lawful test of his or her breath, urine, or blood, is a misdemeanor; and

(e) Who, after having been so informed, refused to submit to any such test when requested to do so by a law enforcement officer or correctional officer commits a misdemeanor of the first degree and is subject to punishment as provided in s. 775.082 or s. 775.083.

(2) The disposition of any administrative proceeding that relates to the suspension of a person's driving privilege does not affect a criminal action under this section.

(3) The disposition of a criminal action under this section does not affect any administrative proceeding that relates to the suspension of a person's driving privilege. The department's records showing that a person's license has been previously suspended for a prior refusal to submit to a lawful test of his or her breath, urine, or blood shall be admissible and shall create a rebuttable presumption of such suspension.

§ 316.655. Penalties

(1) A violation of any of the provisions of this chapter, except those violations with a specific criminal charge, as enumerated in s. 318.17, are infractions, as defined in s. 318.13(3). Except for violations of s. 316.302, infractions of this chapter are punishable as provided in chapter 318. Any person convicted of a violation of or otherwise found to be in violation of s. 316.063, s. 316.3025, s. 316.516, s. 316.545, or s. 316.550 shall be punished as specifically provided in that section.

(2) Drivers convicted of a violation of any offense prohibited by this chapter or any other law of this state regulating motor vehicles may have their driving privileges revoked or suspended by the court if the court finds such revocation or suspension warranted by the totality of the circumstances resulting in the conviction and the need to provide for the maximum safety for all persons who travel on or who are otherwise affected by the use of the highways of the state. In determining whether suspension or revocation is appropriate, the court shall consider all pertinent factors, including, but not limited to, such factors as the extent and nature of the driver's violation of this chapter, the number of persons killed or injured as the result of the driver's violation of this chapter, and the extent of any property damage resulting from the driver's violation of this chapter.

§ 316.656. Mandatory adjudication; prohibition against accepting plea to lesser included offense

(1) Notwithstanding the provisions of s. 948.01, no court may suspend, defer, or withhold adjudication of guilt or imposition of sentence for any violation of s. 316.193, for manslaughter resulting from the operation of a motor vehicle, or for vehicular homicide.

(2) (a) No trial judge may accept a plea of guilty to a lesser offense from a person charged under the provisions of this act who has been given a breath or blood test to determine blood or breath alcohol content, the results of which show a blood or breath alcohol content by weight of 0.20 percent or more.

(b) No trial judge may accept a plea of guilty to a lesser offense from a person charged with a violation of s. 316.193(3), manslaughter resulting from the operation of a motor vehicle, or vehicular homicide.

§ 322.26. Mandatory revocation of license by department

The department shall forthwith revoke the license or driving privilege of any person upon receiving a record of such

person's conviction of any of the following offenses:

(1) (a) Murder resulting from the operation of a motor vehicle, DUI manslaughter where the conviction represents a subsequent DUI-related conviction, or a fourth violation of s. 316.193 or former s. 316.1931. For such cases, the revocation of the driver's license or driving privilege shall be permanent.

(b) Manslaughter resulting from the operation of a motor vehicle.

(2) Driving a motor vehicle or being in actual physical control thereof, or entering a plea of nolo contendere, said plea being accepted by the court and said court entering a fine or sentence to a charge of driving, while under the influence of alcoholic beverages or a substance controlled under chapter 893, or being in actual physical control of a motor vehicle while under the influence of alcoholic beverages or a substance controlled under chapter 893. In any case where DUI manslaughter occurs and the person has no prior convictions for DUI-related offenses, the revocation of the license or driving privilege shall be permanent, except as provided for in s. 322.271(4).

(3) Any felony in the commission of which a motor vehicle is used.

(4) Failure to stop and render aid as required under the laws of this state in the event of a motor vehicle crash resulting in the death or personal injury of another.

(5) Perjury or the making of a false affidavit or statement under oath to the department under this law, or under any other law relating to the ownership or operation of motor vehicles.

(6) Conviction, or forfeiture of bail not vacated, upon three charges of reckless driving committed within a period of 12 months.

(7) Any violation of the law against lewdness, assignation, and prostitution where such violation has been effected through the use of a motor vehicle.

(8) Conviction in any court having jurisdiction over offenses committed under this chapter or any other law of this state regulating the operation of a motor vehicle on the highways, upon direction of the court, when the court feels that the seriousness of the offense and the circumstances surrounding the conviction warrant the revocation of the licensee's driving privilege.

§ 322.2615. Suspension of license; right to review

(1) (a) A law enforcement officer or correctional officer shall, on behalf of the department, suspend the driving privilege of a person who has been arrested by a law enforcement officer for a violation of s. 316.193, relating to unlawful blood-alcohol level or breath-alcohol level, or of a person who has refused to submit to a breath, urine, or blood test authorized by s. 316.1932. The officer shall take the person's driver's license and issue the person a 10-day temporary permit if the person is otherwise eligible for the driving privilege and shall issue the person a notice of suspension. If a blood test has been administered, the results of which are not available to the officer at the time of the arrest, the agency employing the officer shall transmit such results to the department within 5 days after receipt of the results. If the department then determines that the person was arrested for a violation of s. 316.193 and that the person had a blood-alcohol level or breath-alcohol level of 0.08 or higher, the department shall suspend the person's driver's license pursuant to subsection (3).

(b) The suspension under paragraph (a) shall be pursuant to, and the notice of suspension shall inform the driver of, the following:

1. a. The driver refused to submit to a lawful breath, blood, or urine test and his or her driving privilege is suspended for a period of 1 year for a first refusal or for a period of 18 months if his or her driving privilege has been previously suspended as a result of a refusal to submit to such a test; or

b. The driver violated s. 316.193 by driving with an unlawful blood-alcohol level as provided in that section and his or her driving privilege is suspended for a period of 6 months for a first offense or for a period of 1 year if his or her driving privilege has been previously suspended for a violation of s. 316.193.

2. The suspension period shall commence on the date of arrest or issuance of the notice of suspension, whichever is later.

3. The driver may request a formal or informal review of the suspension by the department within 10 days after the date of arrest or issuance of the notice of suspension, whichever is later.

4. The temporary permit issued at the time of arrest will expire at midnight of the 10th day following the date of arrest or issuance of the notice of suspension, whichever is later.

5. The driver may submit to the department any materials relevant to the arrest.

(2) Except as provided in paragraph (1)(a), the law enforcement officer shall forward to the department, within 5 days after the date of the arrest, a copy of the notice of suspension, the driver's license of the person arrested, and a report of the arrest, including an affidavit stating the officer's grounds for belief that the person arrested was in violation of s. 316.193; the results of any breath or blood test or an affidavit stating that a breath, blood, or urine test was requested by a law enforcement officer or correctional officer and that the person arrested refused to submit; a copy of the citation issued to the person arrested; and the officer's description of the person's field sobriety test, if any. The failure of the officer to submit materials within the 5-day period specified in this subsection and in subsection (1) shall not affect the department's ability to consider any evidence submitted at or prior to the hearing. The officer may also submit a copy of a videotape of the field sobriety test or the attempt to administer such test.

(3) If the department determines that the license of the person arrested should be suspended pursuant to this section and if the notice of suspension has not already been served upon the person by a law enforcement officer or correctional officer as provided in subsection (1), the department shall issue a notice of suspension and, unless the notice is mailed pursuant to s. 322.251, a temporary permit which expires 10 days after the date of issuance if the driver is otherwise eligible.

(4) If the person arrested requests an informal review pursuant to subparagraph (1)(b)3., the department shall conduct the informal review by a hearing officer employed by the department. Such informal review hearing shall consist solely of an examination by the department of the materials submitted by a law enforcement officer or correctional officer and by the person arrested, and the presence of an officer or witness is not required.

(5) After completion of the informal review, notice of the department's decision sustaining, amending, or invalidating the suspension of the driver's license of the person arrested must be provided to such person. Such notice must be mailed to

the person at the last known address shown on the department's records, or to the address provided in the law enforcement officer's report if such address differs from the address of record, within 21 days after the expiration of the temporary permit issued pursuant to subsection (1) or subsection (3).

(6) (a) If the person arrested requests a formal review, the department must schedule a hearing to be held within 30 days after such request is received by the department and must notify the person of the date, time, and place of the hearing.

(b) Such formal review hearing shall be held before a hearing officer employed by the department, and the hearing officer shall be authorized to administer oaths, examine witnesses and take testimony, receive relevant evidence, issue subpoenas, regulate the course and conduct of the hearing, and make a ruling on the suspension. The department and the person arrested may subpoena witnesses, and the party requesting the presence of a witness shall be responsible for the payment of any witness fees and for notifying in writing the state attorney's office in the appropriate circuit of the issuance of the subpoena. If the person who requests a formal review hearing fails to appear and the hearing officer finds such failure to be without just cause, the right to a formal hearing is waived and the suspension shall be sustained.

(c) A party may seek enforcement of a subpoena under paragraph (b) by filing a petition for enforcement in the circuit court of the judicial circuit in which the person failing to comply with the subpoena resides. A failure to comply with an order of the court shall result in a finding of contempt of court. However, a person shall not be in contempt while a subpoena is being challenged.

(d) The department must, within 7 working days after a formal review hearing, send notice to the person of the hearing officer's decision as to whether sufficient cause exists to sustain, amend, or invalidate the suspension.

(7) In a formal review hearing under subsection (6) or an informal review hearing under subsection (4), the hearing officer shall determine by a preponderance of the evidence whether sufficient cause exists to sustain, amend, or invalidate the suspension. The scope of the review shall be limited to the following issues:

(a) If the license was suspended for driving with an unlawful blood-alcohol level in violation of s. 316.193:

1. Whether the arresting law enforcement officer had probable cause to believe that the person was driving or in actual physical control of a motor vehicle in this state while under the influence of alcoholic beverages or controlled substances.

2. Whether the person was placed under lawful arrest for a violation of s. 316.193.

3. Whether the person had an unlawful blood-alcohol level as provided in s. 316.193.

(b) If the license was suspended for refusal to submit to a breath, blood, or urine test:

1. Whether the arresting law enforcement officer had probable cause to believe that the person was driving or in actual physical control of a motor vehicle in this state while under the influence of alcoholic beverages or controlled substances.

2. Whether the person was placed under lawful arrest for a violation of s. 316.193.

3. Whether the person refused to submit to any such test after being requested to do so by a law enforcement officer or correctional officer.

4. Whether the person was told that if he or she refused to submit to such test his or her privilege to operate a motor vehicle would be suspended for a period of 1 year or, in the case of a second or subsequent refusal, for a period of 18 months.

(8) Based on the determination of the hearing officer pursuant to subsection (7) for both informal hearings under subsection (4) and formal hearings under subsection (6), the department shall:

(a) Sustain the suspension of the person's driving privilege for a period of 1 year for a first refusal, or for a period of 18 months if the driving privilege of such person has been previously suspended as a result of a refusal to submit to such tests, if the arrested person refused to submit to a lawful breath, blood, or urine test. The suspension period commences on the date of the arrest or issuance of the notice of suspension, whichever is later.

(b) Sustain the suspension of the person's driving privilege for a period of 6 months for a violation of s. 316.193, or for a period of 1 year if the driving privilege of such person has been previously suspended as a result of a violation of s. 316.193. The suspension period commences on the date of the arrest or issuance of the notice of suspension, whichever is later.

(9) A request for a formal review hearing or an informal review hearing shall not stay the suspension of the person's driver's license. If the department fails to schedule the formal review hearing to be held within 30 days after receipt of the request therefor, the department shall invalidate the suspension. If the scheduled hearing is continued at the department's initiative, the department shall issue a temporary driving permit which shall be valid until the hearing is conducted if the person is otherwise eligible for the driving privilege. Such permit shall not be issued to a person who sought and obtained a continuance of the hearing. The permit issued under this subsection shall authorize driving for business or employment use only.

(10) A person whose driver's license is suspended under subsection (1) or subsection (3) may apply for issuance of a license for business or employment purposes only if the person is otherwise eligible for the driving privilege pursuant to s. 322.271.

(a) If the suspension of the driver's license of the person for failure to submit to a breath, urine, or blood test is sustained, the person is not eligible to receive a license for business or employment purposes only, pursuant to s. 322.271, until 90 days have elapsed after the expiration of the last temporary permit issued. If the driver is not issued a 10-day permit pursuant to this section or s. 322.64 because he or she is ineligible for the permit and the suspension for failure to submit to a breath, urine, or blood test is not invalidated by the department, the driver is not eligible to receive a business or employment license pursuant to s. 322.271 until 90 days have elapsed from the date of the suspension.

(b) If the suspension of the driver's license of the person arrested for a violation of s. 316.193, relating to unlawful blood-alcohol level, is sustained, the person is not eligible to receive a license for business or employment purposes only pursuant to s. 322.271 until 30 days have elapsed after the expiration of the last temporary permit issued. If the driver is not issued a 10-day permit pursuant to this section or s. 322.64 because he or she is ineligible for the permit and the suspension for a violation of s. 316.193, relating to unlawful blood-alcohol level, is not invalidated by the department, the driver is not eligible to receive a business or employment license pursuant to s. 322.271 until 30 days have elapsed from the date of the arrest.

(11) The formal review hearing may be conducted upon a review of the reports of a law enforcement officer or a correctional officer, including documents relating to the administration of a breath test or blood test or the refusal to take either test. However, as provided in subsection (6), the driver may subpoena the officer or any person who administered or analyzed a breath or blood test.

(12) The formal review hearing and the informal review hearing are exempt from the provisions of chapter 120. The department is authorized to adopt rules for the conduct of reviews under this section.

(13) A person may appeal any decision of the department sustaining a suspension of his or her driver's license by a petition for writ of certiorari to the circuit court in the county wherein such person resides or wherein a formal or informal review was conducted pursuant to s. 322.31. However, an appeal shall not stay the suspension. This subsection shall not be construed to provide for a de novo appeal.

(14) The decision of the department under this section shall not be considered in any trial for a violation of s. 316.193, nor shall any written statement submitted by a person in his or her request for departmental review under this section be admissible into evidence against him or her in any such trial. The disposition of any related criminal proceedings shall not affect a suspension imposed pursuant to this section.

(15) If the department suspends a person's license under s. 322.2616, it may not also suspend the person's license under this section for the same episode that was the basis for the suspension under s. 322.2616.

§ 322.2616. Suspension of license; persons under 21 years of age; right to review

(1) (a) Notwithstanding s. 316.193, it is unlawful for a person under the age of 21 who has a blood-alcohol or breath-alcohol level of 0.02 or higher to drive or be in actual physical control of a motor vehicle.

(b) A law enforcement officer who has probable cause to believe that a motor vehicle is being driven by or is in the actual physical control of a person who is under the age of 21 while under the influence of alcoholic beverages or who has any blood-alcohol or breath-alcohol level may lawfully detain such a person and may request that person to submit to a test to determine his or her blood-alcohol or breath-alcohol level.

(2) (a) A law enforcement officer or correctional officer shall, on behalf of the department, suspend the driving privilege of such person if the person has a blood-alcohol or breath-alcohol level of 0.02 or higher. The officer shall also suspend, on behalf of the department, the driving privilege of a person who has refused to submit to a test as provided by paragraph (b). The officer shall take the person's driver's license and issue the person a 10-day temporary driving permit if the person is otherwise eligible for the driving privilege and shall issue the person a notice of suspension.

(b) The suspension under paragraph (a) must be pursuant to, and the notice of suspension must inform the driver of, the following:

1. a. The driver refused to submit to a lawful breath test and his or her driving privilege is suspended for a period of 1 year for a first refusal or for a period of 18 months if his or her driving privilege has been previously suspended as provided in this section as a result of a refusal to submit to a test; or

b. The driver was under the age of 21 and was driving or in actual physical control of a motor vehicle while having

a blood-alcohol or breath-alcohol level of 0.02 or higher; and the person's driving privilege is suspended for a period of 6 months for a first violation, or for a period of 1 year if his or her driving privilege has been previously suspended as provided in this section for driving or being in actual physical control of a motor vehicle with a blood-alcohol or breath-alcohol level of 0.02 or higher.

2. The suspension period commences on the date of issuance of the notice of suspension.

3. The driver may request a formal or informal review of the suspension by the department within 10 days after the issuance of the notice of suspension.

4. A temporary permit issued at the time of the issuance of the notice of suspension shall not become effective until after 12 hours have elapsed and will expire at midnight of the 10th day following the date of issuance.

5. The driver may submit to the department any materials relevant to the suspension of his or her license.

(c) When a driver subject to this section has a blood-alcohol or breath-alcohol level of 0.05 or higher, the suspension shall remain in effect until such time as the driver has completed a substance abuse course offered by a DUI program licensed by the department. The driver shall assume the reasonable costs for the substance abuse course. As part of the substance abuse course, the program shall conduct a substance abuse evaluation of the driver, and notify the parents or legal guardians of drivers under the age of 19 years of the results of the evaluation. The term "substance abuse" means the abuse of alcohol or any substance named or described in Schedules I through V of s. 893.03. If a driver fails to complete the substance abuse education course and evaluation, the driver's license shall not be reinstated by the department.

(d) A minor under the age of 18 years proven to be driving with a blood-alcohol or breath-alcohol level of 0.02 or higher may be taken by a law enforcement officer to the addictions receiving facility in the county in which the minor is found to be so driving, if the county makes the addictions receiving facility available for such purpose.

(3) The law enforcement officer shall forward to the department, within 5 days after the date of the issuance of the notice of suspension, a copy of the notice of suspension, the driver's license of the person receiving the notice of suspension, and an affidavit stating the officer's grounds for belief that the person was under the age of 21 and was driving or in actual physical control of a motor vehicle with any blood-alcohol or breath-alcohol level, and the results of any blood or breath test or an affidavit stating that a breath test was requested by a law enforcement officer or correctional officer and that the person refused to submit to such test. The failure of the officer to submit materials within the 5-day period specified in this subsection does not bar the department from considering any materials submitted at or before the hearing.

(4) If the department finds that the license of the person should be suspended under this section and if the notice of suspension has not already been served upon the person by a law enforcement officer or correctional officer as provided in subsection (2), the department shall issue a notice of suspension and, unless the notice is mailed under s. 322.251, a temporary driving permit that expires 10 days after the date of issuance if the driver is otherwise eligible.

(5) If the person whose license is suspended requests an informal review under subparagraph (2)(b)3., the department shall conduct the informal review by a hearing officer employed by the department within 30 days after the request is received by the department and shall issue such person a temporary driving permit for business purposes only to expire on the date that such review is scheduled to be conducted if the person is otherwise eligible. The informal review hearing

must consist solely of an examination by the department of the materials submitted by a law enforcement officer or correctional officer and by the person whose license is suspended, and the presence of an officer or witness is not required.

(6) After completion of the informal review, notice of the department's decision sustaining, amending, or invalidating the suspension of the driver's license must be provided to the person. The notice must be mailed to the person at the last known address shown on the department's records, or to the address provided in the law enforcement officer's report if such address differs from the address of record, within 7 days after completing the review.

(7) (a) If the person whose license is suspended requests a formal review, the department must schedule a hearing to be held within 30 days after the request is received by the department and must notify the person of the date, time, and place of the hearing and shall issue such person a temporary driving permit for business purposes only to expire on the date that such review is scheduled to be conducted if the person is otherwise eligible.

(b) The formal review hearing must be held before a hearing officer employed by the department, and the hearing officer may administer oaths, examine witnesses and take testimony, receive relevant evidence, issue subpoenas, regulate the course and conduct of the hearing, and make a ruling on the suspension. The department and the person whose license was suspended may subpoena witnesses, and the party requesting the presence of a witness is responsible for paying any witness fees and for notifying in writing the state attorney's office in the appropriate circuit of the issuance of the subpoena. If the person who requests a formal review hearing fails to appear and the hearing officer finds the failure to be without just cause, the right to a formal hearing is waived and the suspension is sustained.

(c) A party may seek enforcement of a subpoena under paragraph (b) by filing a petition for enforcement in the circuit court of the judicial circuit in which the person failing to comply with the subpoena resides. A failure to comply with an order of the court constitutes contempt of court. However, a person may not be held in contempt while a subpoena is being challenged.

(d) The department must, within 7 days after a formal review hearing, send notice to the person of the hearing officer's decision as to whether sufficient cause exists to sustain, amend, or invalidate the suspension.

(8) In a formal review hearing under subsection (7) or an informal review hearing under subsection (5), the hearing officer shall determine by a preponderance of the evidence whether sufficient cause exists to sustain, amend, or invalidate the suspension. The scope of the review is limited to the following issues:

(a) If the license was suspended because the individual, then under the age of 21, drove with a blood-alcohol or breath-alcohol level of 0.02 or higher:

1. Whether the law enforcement officer had probable cause to believe that the person was under the age of 21 and was driving or in actual physical control of a motor vehicle in this state with any blood-alcohol or breath-alcohol level or while under the influence of alcoholic beverages.

2. Whether the person was under the age of 21.

3. Whether the person had a blood-alcohol or breath-alcohol level of 0.02 or higher.

(b) If the license was suspended because of the individual's refusal to submit to a breath test:

1. Whether the law enforcement officer had probable cause to believe that the person was under the age of 21 and was driving or in actual physical control of a motor vehicle in this state with any blood-alcohol or breath-alcohol level or while under the influence of alcoholic beverages.

2. Whether the person was under the age of 21.

3. Whether the person refused to submit to a breath test after being requested to do so by a law enforcement officer or correctional officer.

4. Whether the person was told that if he or she refused to submit to a breath test his or her privilege to operate a motor vehicle would be suspended for a period of 1 year or, in the case of a second or subsequent refusal, for a period of 18 months.

(9) Based on the determination of the hearing officer under subsection (8) for both informal hearings under subsection (5) and formal hearings under subsection (7), the department shall:

(a) Sustain the suspension of the person's driving privilege for a period of 1 year for a first refusal, or for a period of 18 months if the driving privilege of the person has been previously suspended, as provided in this section, as a result of a refusal to submit to a test. The suspension period commences on the date of the issuance of the notice of suspension.

(b) Sustain the suspension of the person's driving privilege for a period of 6 months for driving or being in actual physical control of a motor vehicle while under the age of 21 with a blood-alcohol or breath-alcohol level of 0.02 or higher, or for a period of 1 year if the driving privilege of such person has been previously suspended under this section. The suspension period commences on the date of the issuance of the notice of suspension.

(10) A request for a formal review hearing or an informal review hearing shall not stay the suspension of the person's driver's license. If the department fails to schedule the formal review hearing to be held within 30 days after receipt of the request therefor, the department shall invalidate the suspension. If the scheduled hearing is continued at the department's initiative, the department shall issue a temporary driving permit that is valid until the hearing is conducted if the person is otherwise eligible for the driving privilege. The permit shall not be issued to a person who requested a continuance of the hearing. The permit issued under this subsection authorizes driving for business or employment use only.

(11) A person whose driver's license is suspended under subsection (2) or subsection (4) may apply for issuance of a license for business or employment purposes only, pursuant to s. 322.271, if the person is otherwise eligible for the driving privilege. However, such a license may not be issued until 30 days have elapsed after the expiration of the last temporary driving permit issued under this section.

(12) The formal review hearing may be conducted upon a review of the reports of a law enforcement officer or correctional officer, including documents relating to the administration of a breath test or the refusal to take a test. However, as provided in subsection (7), the driver may subpoena the officer or any person who administered a breath or blood test.

(13) The formal review hearing and the informal review hearing are exempt from chapter 120. The department may adopt rules for conducting reviews under this section.

(14) A person may appeal any decision of the department sustaining a suspension of his or her driver's license by a petition for writ of certiorari to the circuit court in the county wherein such person resides or wherein a formal or informal review was conducted under s. 322.31. However, an appeal does not stay the suspension. This subsection does not provide for a de novo appeal.

(15) The decision of the department under this section shall not be considered in any trial for a violation of s. 316.193, nor shall any written statement submitted by a person in his or her request for departmental review under this section be admissible into evidence against him or her in any such trial. The disposition of any related criminal proceedings shall not affect a suspension imposed under this section.

(16) By applying for and accepting and using a driver's license, a person under the age of 21 years who holds the driver's license is deemed to have expressed his or her consent to the provisions of this section.

(17) A breath test to determine breath-alcohol level pursuant to this section may be conducted as authorized by s. 316.1932 or by a breath-alcohol test device listed in the United States Department of Transportation's conforming-product list of evidential breath-measurement devices. The reading from such a device is presumed accurate and is admissible in evidence in any administrative hearing conducted under this section.

(18) The result of a blood test obtained during an investigation conducted under s. 316.1932 or s. 316.1933 may be used to suspend the driving privilege of a person under this section.

(19) A violation of this section is neither a traffic infraction nor a criminal offense, nor does being detained pursuant to this section constitute an arrest. A violation of this section is subject to the administrative action provisions of this section, which are administered by the department through its administrative processes. Administrative actions taken pursuant to this section shall be recorded in the motor vehicle records maintained by the department. This section does not bar prosecution under s. 316.193. However, if the department suspends a person's license under s. 322.2615 for a violation of s. 316.193, it may not also suspend the person's license under this section for the same episode that was the basis for the suspension under s. 322.2615.

§ 322.27. Authority of department to suspend or revoke license

(1) Notwithstanding any provisions to the contrary in chapter 120, the department is hereby authorized to suspend the license of any person without preliminary hearing upon a showing of its records or other sufficient evidence that the licensee:

(a) Has committed an offense for which mandatory revocation of license is required upon conviction. A law enforcement agency must provide information to the department within 24 hours after any traffic fatality or when the law enforcement agency initiates action pursuant to s. 316.1933;

(b) Has been convicted of a violation of any traffic law which resulted in a crash that caused the death or personal injury of another or property damage in excess of \$ 500;

(c) Is incompetent to drive a motor vehicle;

(d) Has permitted an unlawful or fraudulent use of such license or has knowingly been a party to the obtaining of a

license by fraud or misrepresentation or to display, or represent as one's own, any driver's license not issued him or her. Provided, however, no provision of this section shall be construed to include the provisions of s. 322.32(1);

(e) Has committed an offense in another state which if committed in this state would be grounds for suspension or revocation; or

(f) Has committed a second or subsequent violation of s. 316.172(1) within a 5-year period of any previous violation.

(2) The department shall suspend the license of any person without preliminary hearing upon a showing of its records that the licensee has been convicted in any court having jurisdiction over offenses committed under this chapter or any other law of this state regulating the operation of a motor vehicle on the highways, upon direction of the court, when the court feels that the seriousness of the offense and the circumstances surrounding the conviction warrant the suspension of the licensee's driving privilege.

(3) There is established a point system for evaluation of convictions of violations of motor vehicle laws or ordinances, and violations of applicable provisions of s. 403.413(6)(b) when such violations involve the use of motor vehicles, for the determination of the continuing qualification of any person to operate a motor vehicle. The department is authorized to suspend the license of any person upon showing of its records or other good and sufficient evidence that the licensee has been convicted of violation of motor vehicle laws or ordinances, or applicable provisions of s. 403.413(6)(b), amounting to 12 or more points as determined by the point system. The suspension shall be for a period of not more than 1 year.

(a) When a licensee accumulates 12 points within a 12-month period, the period of suspension shall be for not more than 30 days.

(b) When a licensee accumulates 18 points, including points upon which suspension action is taken under paragraph (a), within an 18-month period, the suspension shall be for a period of not more than 3 months.

(c) When a licensee accumulates 24 points, including points upon which suspension action is taken under paragraphs (a) and (b), within a 36-month period, the suspension shall be for a period of not more than 1 year.

(d) The point system shall have as its basic element a graduated scale of points assigning relative values to convictions of the following violations:

1. Reckless driving, willful and wanton--4 points.
2. Leaving the scene of a crash resulting in property damage of more than \$ 50--6 points.
3. Unlawful speed resulting in a crash--6 points.
4. Passing a stopped school bus--4 points.
5. Unlawful speed:
 - a. Not in excess of 15 miles per hour of lawful or posted speed--3 points.
 - b. In excess of 15 miles per hour of lawful or posted speed--4 points.

6. All other moving violations (including parking on a highway outside the limits of a municipality)--3 points. However, no points shall be imposed for a violation of s. 316.0741 or s. 316.2065(12).

7. Any moving violation covered above, excluding unlawful speed, resulting in a crash--4 points.

8. Any conviction under s. 403.413(5)(b)--3 points.

(e) A conviction in another state of a violation therein which, if committed in this state, would be a violation of the traffic laws of this state, or a conviction of an offense under any federal law substantially conforming to the traffic laws of this state, except a violation of s. 322.26, may be recorded against a driver on the basis of the same number of points received had the conviction been made in a court of this state.

(f) In computing the total number of points, when the licensee reaches the danger zone, the department is authorized to send the licensee a warning letter advising that any further convictions may result in suspension of his or her driving privilege.

(g) The department shall administer and enforce the provisions of this law and may make rules and regulations necessary for its administration.

(h) Three points shall be deducted from the driver history record of any person whose driving privilege has been suspended only once pursuant to this subsection and has been reinstated, if such person has complied with all other requirements of this chapter.

(i) This subsection shall not apply to persons operating a nonmotorized vehicle for which a driver's license is not required.

(4) The department, in computing the points and period of time for suspensions under this section, shall use the offense date of all convictions.

(5) The department shall revoke the license of any person designated a habitual offender, as set forth in s. 322.264, and such person shall not be eligible to be relicensed for a minimum of 5 years from the date of revocation, except as provided for in s. 322.271. Any person whose license is revoked may, by petition to the department, show cause why his or her license should not be revoked.

(6) The department shall revoke the driving privilege of any person who is convicted of a felony for the possession of a controlled substance if, at the time of such possession, the person was driving or in actual physical control of a motor vehicle. A person whose driving privilege has been revoked pursuant to this subsection shall not be eligible to receive a limited business or employment purpose license during the term of such revocation.

(7) Review of an order of suspension or revocation shall be by writ of certiorari as provided in s. 322.31.

§ 322.291. Driver improvement schools or DUI programs; required in certain suspension and revocation cases

Except as provided in s. 322.03(2), any person:

(1) Whose driving privilege has been revoked:

(a) Upon conviction for:

1. Driving, or being in actual physical control of, any vehicle while under the influence of alcoholic beverages, any chemical substance set forth in s. 877.111, or any substance controlled under chapter 893, in violation of s. 316.193;

2. Driving with an unlawful blood- or breath-alcohol level;

3. Manslaughter resulting from the operation of a motor vehicle;

4. Failure to stop and render aid as required under the laws of this state in the event of a motor vehicle crash resulting in the death or personal injury of another;

5. Reckless driving; or

(b) As an habitual offender;

(c) Upon direction of the court, if the court feels that the seriousness of the offense and the circumstances surrounding the conviction warrant the revocation of the licensee's driving privilege; or

(2) Whose license was suspended under the point system, was suspended for driving with an unlawful blood-alcohol level of 0.10 percent or higher before January 1, 1994, was suspended for driving with an unlawful blood-alcohol level of 0.08 percent or higher after December 31, 1993, was suspended for a violation of s. 316.193(1), or was suspended for refusing to submit to a lawful breath, blood, or urine test as provided in s. 322.2615

shall, before the driving privilege may be reinstated, present to the department proof of enrollment in a department-approved advanced driver improvement course operating pursuant to s. 318.1451 or a substance abuse education course conducted by a DUI program licensed pursuant to s. 322.292, which shall include a psychosocial evaluation and treatment, if referred. If the person fails to complete such course or evaluation within 90 days after reinstatement, or subsequently fails to complete treatment, if referred, the DUI program shall notify the department of the failure. Upon receipt of the notice, the department shall cancel the offender's driving privilege, notwithstanding the expiration of the suspension or revocation of the driving privilege. The department may temporarily reinstate the driving privilege upon verification from the DUI program that the offender has completed the education course and evaluation requirement and has reentered and is currently participating in treatment. If the DUI program notifies the department of the second failure to complete treatment, the department shall reinstate the driving privilege only after notice of completion of treatment from the DUI program.

§ 322.34. Driving while license suspended, revoked, canceled, or disqualified

(1) Except as provided in subsection (2), any person whose driver's license or driving privilege has been canceled, suspended, or revoked, except a "habitual traffic offender" as defined in s. 322.264, who drives a vehicle upon the highways of this state while such license or privilege is canceled, suspended, or revoked is guilty of a moving violation, punishable as provided in chapter 318.

(2) Any person whose driver's license or driving privilege has been canceled, suspended, or revoked as provided by law, except persons defined in s. 322.264, who, knowing of such cancellation, suspension, or revocation, drives any motor vehicle upon the highways of this state while such license or privilege is canceled, suspended, or revoked, upon:

(a) A first conviction is guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(b) A second conviction is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(c) A third or subsequent conviction is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

The element of knowledge is satisfied if the person has been previously cited as provided in subsection (1); or the person admits to knowledge of the cancellation, suspension, or revocation; or the person received notice as provided in subsection (4). There shall be a rebuttable presumption that the knowledge requirement is satisfied if a judgment or order as provided in subsection (4) appears in the department's records for any case except for one involving a suspension by the department for failure to pay a traffic fine or for a financial responsibility violation.

(3) In any proceeding for a violation of this section, a court may consider evidence, other than that specified in subsection (2), that the person knowingly violated this section.

(4) Any judgment or order rendered by a court or adjudicatory body or any uniform traffic citation that cancels, suspends, or revokes a person's driver's license must contain a provision notifying the person that his or her driver's license has been canceled, suspended, or revoked.

(5) Any person whose driver's license has been revoked pursuant to s. 322.264 (habitual offender) and who drives any motor vehicle upon the highways of this state while such license is revoked is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(6) Any person who operates a motor vehicle:

(a) Without having a driver's license as required under s. 322.03; or

(b) While his or her driver's license or driving privilege is canceled, suspended, or revoked pursuant to s. 316.655, s. 322.26(8), s. 322.27(2), or s. 322.28(2) or (4),

and who by careless or negligent operation of the motor vehicle causes the death of or serious bodily injury to another human being is guilty of a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083.

(7) Any person whose driver's license or driving privilege has been canceled, suspended, revoked, or disqualified and who drives a commercial motor vehicle on the highways of this state while such license or privilege is canceled, suspended, revoked, or disqualified, upon:

(a) A first conviction is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(b) A second or subsequent conviction is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(8) (a) Upon the arrest of a person for the offense of driving while the person's driver's license or driving privilege is suspended or revoked, the arresting officer shall determine:

1. Whether the person's driver's license is suspended or revoked.
2. Whether the person's driver's license has remained suspended or revoked since a conviction for the offense of driving with a suspended or revoked license.
3. Whether the suspension or revocation was made under s. 316.646 or s. 627.733, relating to failure to maintain required security, or under s. 322.264, relating to habitual traffic offenders.
4. Whether the driver is the registered owner or coowner of the vehicle.

(b) If the arresting officer finds in the affirmative as to all of the criteria in paragraph (a), the officer shall immediately impound or immobilize the vehicle.

(c) Within 7 business days after the date the arresting agency impounds or immobilizes the vehicle, either the arresting agency or the towing service, whichever is in possession of the vehicle, shall send notice by certified mail, return receipt requested, to any coregistered owners of the vehicle other than the person arrested and to each person of record claiming a lien against the vehicle. All costs and fees for the impoundment or immobilization, including the cost of notification, must be paid by the owner of the vehicle or, if the vehicle is leased, by the person leasing the vehicle.

(d) Either the arresting agency or the towing service, whichever is in possession of the vehicle, shall determine whether any vehicle impounded or immobilized under this section has been leased or rented or if there are any persons of record with a lien upon the vehicle. Either the arresting agency or the towing service, whichever is in possession of the vehicle, shall notify by express courier service with receipt or certified mail, return receipt requested, within 7 business days after the date of the immobilization or impoundment of the vehicle, the registered owner and all persons having a recorded lien against the vehicle that the vehicle has been impounded or immobilized. A lessor, rental car company, or lienholder may then obtain the vehicle, upon payment of any lawful towing or storage charges. If the vehicle is a rental vehicle subject to a written contract, the charges may be separately charged to the renter, in addition to the rental rate, along with other separate fees, charges, and recoupments disclosed on the rental agreement. If the storage facility fails to provide timely notice to a lessor, rental car company, or lienholder as required by this paragraph, the storage facility shall be responsible for payment of any towing or storage charges necessary to release the vehicle to a lessor, rental car company, or lienholder that accrue after the notice period, which charges may then be assessed against the driver of the vehicle if the vehicle was lawfully impounded or immobilized.

(e) Except as provided in paragraph (d), the vehicle shall remain impounded or immobilized for any period imposed by the court until:

1. The owner presents proof of insurance to the arresting agency; or
2. The owner presents proof of sale of the vehicle to the arresting agency and the buyer presents proof of insurance

to the arresting agency.

If proof is not presented within 35 days after the impoundment or immobilization, a lien shall be placed upon such vehicle pursuant to s. 713.78.

(f) The owner of a vehicle that is impounded or immobilized under this subsection may, within 10 days after the date the owner has knowledge of the location of the vehicle, file a complaint in the county in which the owner resides to determine whether the vehicle was wrongfully taken or withheld. Upon the filing of a complaint, the owner may have the vehicle released by posting with the court a bond or other adequate security equal to the amount of the costs and fees for impoundment or immobilization, including towing or storage, to ensure the payment of such costs and fees if the owner does not prevail. When the vehicle owner does not prevail on a complaint that the vehicle was wrongfully taken or withheld, he or she must pay the accrued charges for the immobilization or impoundment, including any towing and storage charges assessed against the vehicle. When the bond is posted and the fee is paid as set forth in s. 28.24, the clerk of the court shall issue a certificate releasing the vehicle. At the time of release, after reasonable inspection, the owner must give a receipt to the towing or storage company indicating any loss or damage to the vehicle or to the contents of the vehicle.

(9) (a) A motor vehicle that is driven by a person under the influence of alcohol or drugs in violation of s. 316.193 is subject to seizure and forfeiture under ss. 932.701-932.707 and is subject to liens for recovering, towing, or storing vehicles under s. 713.78 if, at the time of the offense, the person's driver's license is suspended, revoked, or canceled as a result of a prior conviction for driving under the influence.

(b) The law enforcement officer shall notify the Department of Highway Safety and Motor Vehicles of any impoundment or seizure for violation of paragraph (a) in accordance with procedures established by the department.

(c) Notwithstanding s. 932.703(1)(c) or s. 932.7055, when the seizing agency obtains a final judgment granting forfeiture of the motor vehicle under this section, 30 percent of the net proceeds from the sale of the motor vehicle shall be retained by the seizing law enforcement agency and 70 percent shall be deposited in the General Revenue Fund for use by regional workforce boards in providing transportation services for participants of the welfare transition program. In a forfeiture proceeding under this section, the court may consider the extent that the family of the owner has other public or private means of transportation.
