8-1001. Tests for alcohol or drugs; request by officer, grounds; consent implied; administration of tests, when; procedures; immunity from liability; warning statement; search warrant, admissibility of test; availability of test result; remedial nature of law.

(a) Any person who operates or attempts to operate a vehicle within this state is deemed to have given consent, subject to the provisions of this act, to submit to one or more tests of the person's blood, breath, urine or other bodily substance to determine the presence of alcohol or drugs. The testing deemed consented to herein shall include all quantitative and qualitative tests for alcohol and drugs. A person who is dead or unconscious shall be deemed not to have withdrawn the person's consent to such test or tests, which shall be administered in the manner provided by this section.

(b) A law enforcement officer shall request a person to submit to a test or tests deemed consented to under subsection (a) if the officer has reasonable grounds to believe the person was operating or attempting to operate a vehicle while under the influence of alcohol or drugs, or both, or to believe that the person was driving a commercial motor vehicle, as defined in K.S.A. 8-2,128, and amendments thereto, or was under the age of 21 years while having alcohol or other drugs in such person's system; and one of the following conditions exists: (1) The person has been arrested or otherwise taken into custody for any offense involving operation or attempted operation of a vehicle while under the influence of alcohol or drugs, or both, or for a violation of K.S.A. 8-1567a, and amendments thereto, or involving driving a commercial motor vehicle, as defined in K.S.A. 8-2,128, and amendments thereto, while having alcohol or other drugs in such person's system, in violation of a state statute or a city ordinance; or (2) the person has been involved in a vehicle accident or collision resulting in property damage, personal injury or death. The law enforcement officer directing administration of the test or tests may act on personal knowledge or on the basis of the collective information available to law enforcement officers involved in the accident investigation or arrest.

(c) If a law enforcement officer requests a person to submit to a test of blood under this section, the withdrawal of blood at the direction of the officer may be performed only by: (1) A person licensed to practice medicine and surgery or a person acting under the supervision of any such licensed person; (2) a registered nurse or a licensed practical nurse; or (3) any qualified medical technician, including, but not limited to, an emergency medical technician-intermediate or mobile intensive care technician, as those terms are defined in K.S.A. 65-6112, and amendments thereto, or a phlebotomist. When presented with a written statement by a law enforcement officer directing blood to be withdrawn from a person who has tentatively agreed to allow the withdrawal of blood under this section, the person authorized herein to withdraw blood and the medical care facility where blood is withdrawn may rely on such a statement as evidence that the person has consented to the medical procedure used and shall not require the person to sign any

additional consent or waiver form. In such a case, the person authorized to withdraw blood and the medical care facility shall not be liable in any action alleging lack of consent or lack of informed consent. No person authorized by this subsection to withdraw blood, nor any person assisting in the performance of a blood test nor any medical care facility where blood is withdrawn or tested that has been directed by any law enforcement officer to withdraw or test blood, shall be liable in any civil or criminal action when the act is performed in a reasonable manner according to generally accepted medical practices in the community where performed.

(d) If there are reasonable grounds to believe that there is impairment by a drug which is not subject to detection by the blood or breath test used, a urine test may be required. If a law enforcement officer requests a person to submit to a test of urine under this section, the collection of the urine sample shall be supervised by persons of the same sex as the person being tested and shall be conducted out of the view of any person other than the persons supervising the collection of the sample and the person being tested, unless the right to privacy is waived by the person being tested. The results of qualitative testing for drug presence shall be admissible in evidence and questions of accuracy or reliability shall go to the weight rather than the admissibility of the evidence.

(e) No law enforcement officer who is acting in accordance with this section shall be liable in any civil or criminal proceeding involving the action.

(f) Before a test or tests are administered under this section, the person shall be given oral and written notice that: (A) Kansas law requires the person to submit to and complete one or more tests of breath, blood or urine to determine if the person is under the influence of alcohol or drugs, or both;

(B) the opportunity to consent to or refuse a test is not a constitutional right;

(C) there is no constitutional right to consult with an attorney regarding whether to submit to testing;

(D) if the person refuses to submit to and complete any test of breath, blood or urine hereafter requested by a law enforcement officer, the person's driving privileges will be suspended for one year for the first occurrence, two years for the second occurrence, three years for the third occurrence, 10 years for the fourth occurrence and permanently revoked for a fifth or subsequent offense;

(E) if the person submits to and completes the test or tests and the test results show an alcohol concentration of .08 or greater, the person's driving privileges will be suspended for 30 days for the first occurrence, one year for the second, third or fourth occurrence and permanently revoked for a fifth or subsequent offense;

(F) if the person is less than 21 years of age at the time of the test request and submits to and completes the tests and the test results show an alcohol concentration of .08 or greater, the person's driving privileges will be suspended up to one year;

(G) refusal to submit to testing may be used against the person at any trial on a charge arising out of the operation or attempted operation of a vehicle while under the influence of alcohol or drugs, or both;

(H) the results of the testing may be used against the person at any trial on a charge arising out of the operation or attempted operation of a vehicle while under the influence of alcohol or drugs, or both; and

(I) after the completion of the testing, the person has the right to consult with an attorney and may secure additional

testing, which, if desired, should be done as soon as possible and is customarily available from medical care facilities and physicians.

(g) If a law enforcement officer has reasonable grounds to believe that the person has been driving a commercial motor vehicle, as defined in K.S.A. 8-2,128, and amendments thereto, while having alcohol or other drugs in such person's system, the person shall also be provided the oral and written notice pursuant to K.S.A. 8-2,145 and amendments thereto. Any failure to give the notices required by K.S.A. 8-2,145 and amendments thereto shall not invalidate any action taken as a result of the requirements of this section. If a law enforcement officer has reasonable grounds to believe that the person has been driving or attempting to drive a vehicle while having alcohol or other drugs in such person's system and such person was under 21 years of age, the person also shall be given the notices required by K.S.A. 8-1567a, and amendments thereto. Any failure to give the notices required by K.S.A. 8-1567a, and amendments thereto, shall not invalidate any action taken as a result of the requirements of this section.

(h) After giving the foregoing information, a law enforcement officer shall request the person to submit to testing. The selection of the test or tests shall be made by the officer. If the person refuses to submit to and complete a test as requested pursuant to this section, additional testing shall not be given unless the certifying officer has probable cause to believe that the person, while under the influence of alcohol or drugs, or both, has operated a vehicle in such a manner as to have caused the death of or serious injury to another person. If the test results show a blood or breath alcohol concentration of .08 or greater, the person's driving privileges shall be subject to suspension, or suspension and restriction, as provided in K.S.A. 8-1002 and 8-1014, and amendments thereto.

(i) The person's refusal shall be admissible in evidence against the person at any trial on a charge arising out of the alleged operation or attempted operation of a vehicle while under the influence of alcohol or drugs, or both.

(j) If a law enforcement officer had reasonable grounds to believe the person had been driving a commercial motor vehicle, as defined in K.S.A. 8-2,128, and amendments thereto, and the test results show a blood or breath alcohol concentration of .04 or greater, the person shall be disqualified from driving a commercial motor vehicle, pursuant to K.S.A. 8-2,142, and amendments thereto. If a law enforcement officer had reasonable grounds to believe the person had been driving a commercial motor vehicle, as defined in K.S.A. 8-2,128, and amendments thereto, and the test results show a blood or breath alcohol concentration of .08 or greater, or the person refuses a test, the person's driving privileges shall be subject to suspension, or suspension and restriction, pursuant to this section, in addition to being disqualified from driving a commercial motor vehicle pursuant to K.S.A. 8-2,142, and amendments thereto.

(k) An officer shall have probable cause to believe that the person operated a vehicle while under the influence of alcohol or drugs, or both, if the vehicle was operated by such person in such a manner as to have caused the death of or serious injury to another person. In such event, such test or tests may be made pursuant to a search warrant issued under the authority of K.S.A. 22-2502, and amendments thereto, or without a search warrant under the authority of K.S.A. 22-2501, and amendments thereto.

(l) Failure of a person to provide an adequate breath sample or samples as directed shall constitute a refusal unless the person shows that the failure was due to physical inability caused by a medical condition unrelated to any ingested alcohol or drugs.

(m) It shall not be a defense that the person did not understand the written or oral notice required by this section.

(n) No test results shall be suppressed because of technical irregularities in the consent or notice required pursuant to

this act.

(o) Nothing in this section shall be construed to limit the admissibility at any trial of alcohol or drug concentration testing results obtained pursuant to a search warrant.

(p) Upon the request of any person submitting to testing under this section, a report of the results of the testing shall be made available to such person.

(q) This act is remedial law and shall be liberally construed to promote public health, safety and welfare.

8-1002. Test refusal or failure; suspension of license; notice; procedure.

(a) Whenever a test is requested pursuant to this act and results in either a test failure or test refusal, a law enforcement officer's certification shall be prepared. If the person had been driving a commercial motor vehicle, as defined in K.S.A. 8-2,128, and amendments thereto, a separate certification pursuant to K.S.A. 8-2,145 and amendments thereto shall be prepared in addition to any certification required by this section. The certification required by this section shall be signed by one or more officers to certify:

(1) With regard to a test refusal, that: (A) There existed reasonable grounds to believe the person was operating or attempting to operate a vehicle while under the influence of alcohol or drugs, or both, or to believe that the person had been driving a commercial motor vehicle, as defined in K.S.A. 8-2,128, and amendments thereto, or is under 21 years of age while having alcohol or other drugs in such person's system; (B) the person had been placed under arrest, was in custody or had been involved in a vehicle accident or collision; (C) a law enforcement officer had presented the person with the oral and written notice required by K.S.A. 8-1001, and amendments thereto; and (D) the person refused to submit to and complete a test as requested by a law enforcement officer.

(2) With regard to a test failure, that: (A) There existed reasonable grounds to believe the person was operating a vehicle while under the influence of alcohol or drugs, or both, or to believe that the person had been driving a commercial motor vehicle, as defined in K.S.A. 8-2,128, and amendments thereto, or is under 21 years of age while having alcohol or other drugs in such person's system; (B) the person had been placed under arrest, was in custody or had been involved in a vehicle accident or collision; (C) a law enforcement officer had presented the person with the oral and written notice required by K.S.A. 8-1001, and amendments thereto; and (D) the result of the test showed that the person had an alcohol concentration of .08 or greater in such person's blood or breath.

(3) With regard to failure of a breath test, in addition to those matters required to be certified under subsection (a)(2), that: (A) The testing equipment used was certified by the Kansas department of health and environment; (B) the testing procedures used were in accordance with the requirements set out by the Kansas department of health and environment; and (C) the person who operated the testing equipment was certified by the Kansas department of health and environment to operate such equipment.

(b) For purposes of this section, certification shall be complete upon signing, and no additional acts of oath, affirmation, acknowledgment or proof of execution shall be required. The signed certification or a copy or photostatic reproduction thereof shall be admissible in evidence in all proceedings brought pursuant to this act, and receipt of any such certification, copy or reproduction shall accord the department authority to proceed as set forth herein. Any person who signs a certification submitted to the division knowing it contains a false statement is guilty of a class B nonperson misdemeanor.

(c) When the officer directing administration of the testing determines that a person has refused a test and the criteria of subsection (a)(1) have been met or determines that a person has failed a test and the criteria of subsection (a)(2) have been met, the officer shall serve upon the person notice of suspension of driving privileges pursuant to K.S.A. 8-1014, and amendments thereto. If the determination is made while the person is still in custody, service shall be made in

person by the officer on behalf of the division of vehicles. In cases where a test failure is established by a subsequent analysis of a breath, blood or urine sample, the officer shall serve notice of such suspension in person or by another designated officer or by mailing the notice to the person at the address provided at the time of the test.

(d) In addition to the information required by subsection (a), the law enforcement officer's certification and notice of suspension shall contain the following information: (1) The person's name, driver's license number and current address; (2) the reason and statutory grounds for the suspension; (3) the date notice is being served and a statement that the effective date of the suspension shall be the 30th calendar day after the date of service; (4) the right of the person to request an administrative hearing; and (5) the procedure the person must follow to request an administrative hearing. The law enforcement officer's certification and notice of suspension shall also inform the person that all correspondence will be mailed to the person at the address contained in the law enforcement officer's certification and notice of suspension unless the person notifies the division in writing of a different address or change of address. The address provided will be considered a change of address for purposes of K.S.A. 8-248, and amendments thereto, if the address furnished is different from that on file with the division.

(e) If a person refuses a test or if a person is still in custody when it is determined that the person has failed a test, the officer shall take any license in the possession of the person and, if the license is not expired, suspended, revoked or canceled, shall issue a temporary license effective until the 30th calendar day after the date of service set out in the law enforcement officer's certification and notice of suspension. If the test failure is established by a subsequent analysis of a breath or blood sample, the temporary license shall be served together with the copy of the law enforcement officer's certification and notice of suspension. A temporary license issued pursuant to this subsection shall bear the same restrictions and limitations as the license for which it was exchanged. Within five days after the date of service of a copy of the law enforcement officer's certification and notice of suspension the officer's certification and notice of suspension, along with any licenses taken, shall be forwarded to the division.

(f) Upon receipt of the law enforcement officer's certification, the division shall review the certification to determine that it meets the requirements of subsection (a). Upon so determining, the division shall proceed to suspend the person's driving privileges in accordance with the notice of suspension previously served. If the requirements of subsection (a) are not met, the division shall dismiss the administrative proceeding and return any license surrendered by the person.

(g) The division shall prepare and distribute forms for use by law enforcement officers in giving the notice required by this section.

(h) The provisions of K.S.A. 60-206 and amendments thereto regarding the computation of time shall not be applicable in determining the effective date of suspension set out in subsection (d). "Calendar day" when used in this section shall mean that every day shall be included in computations of time whether a week day, Saturday, Sunday or holiday.

8-1004. Same; additional test by own physician; effect of denial.

Without limiting or affecting the provisions of K.S.A. 8-1001 and amendments thereto, the person tested shall have a reasonable opportunity to have an additional test by a physician of the person's own choosing. In case the officer refuses to permit such additional testing, the testing administered pursuant to K.S.A. 8-1001 and amendments thereto shall not be competent in evidence.

8-1005. Evidence; test results admissible in prosecutions; weight to be given evidence.

Except as provided by K.S.A. 8-1012 and amendments thereto, in any criminal prosecution for violation of the laws of this state relating to operating or attempting to operate a vehicle while under the influence of alcohol or drugs, or both, or the commission of vehicular homicide or manslaughter while under the influence of alcohol or drugs, or both, or in any prosecution for a violation of a city ordinance relating to the operation or attempted operation of a vehicle while under the influence of alcohol or drugs, or both, evidence of the concentration of alcohol or drugs in the defendant's blood,

urine, breath or other bodily substance may be admitted and shall give rise to the following:

- (a) If the alcohol concentration is less than .08, that fact may be considered with other competent evidence to determine if the defendant was under the influence of alcohol, or both alcohol and drugs.
- (b) If the alcohol concentration is .08 or more, it shall be prima facie evidence that the defendant was under the influence of alcohol to a degree that renders the person incapable of driving safely.
- (c) If there was present in the defendant's bodily substance any narcotic, hypnotic, somnifacient, stimulating or other drug which has the capacity to render the defendant incapable of safely driving a vehicle, that fact may be considered to determine if the defendant was under the influence of drugs, or both alcohol and drugs, to a degree that renders the defendant incapable of driving safely.

8-1006. Same; submission of other evidence; preservation of samples not required.

(a) The provisions of K.S.A. 8-1005, and amendments thereto, shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether or not the defendant was under the influence of alcohol or drugs, or both.

(b) Nothing in this act shall require any samples of blood, breath or urine to be preserved for or furnished to the person for independent testing.

8-1007. Same; act supplemental; invalidity of part.

This act shall be construed as supplemental to existing legislation; and if any clause, paragraph, subsection or section of this act shall be held invalid or unconstitutional, it shall be conclusively presumed that the legislature would have enacted the remainder of this act without such invalid or unconstitutional clause, paragraph, subsection or section.

8-1008. Alcohol and drug safety action program; evaluation and supervision of persons convicted of violation of 8-1567 or comparable city ordinance; certification of programs; reports of chief judge; fees, disposition.

(a) Community-based alcohol and drug safety action programs certified in accordance with subsection (b) shall provide:

- (1) Presentence alcohol and drug evaluations of any person who is convicted of a violation of K.S.A. 8-1567, and amendments thereto, or the ordinance of a city in this state which prohibits the acts prohibited by that statute;
- (2) supervision and monitoring of all persons who are convicted of a violation of K.S.A. 8-1567, and amendments thereto, or the ordinance of a city in this state which prohibits the acts prohibited by that statute, and whose sentences or terms of probation require completion of an alcohol and drug safety action program, as provided in this section, or an alcohol and drug abuse treatment program, as provided in this section;
- (3) alcohol and drug evaluations of persons whom the prosecutor considers for eligibility or finds eligible to enter a diversion agreement in lieu of further criminal proceedings on a complaint alleging a violation of K.S.A. 8-1567, and amendments thereto, or the ordinance of a city in this state which prohibits the acts prohibited by that statute;
- (4) supervision and monitoring of persons required, under a diversion agreement in lieu of further criminal proceedings

on a complaint alleging a violation of K.S.A. 8-1567, and amendments thereto, or the ordinance of a city in this state which prohibits the acts prohibited by that statute, to complete an alcohol and drug safety action program, as provided in this section, or an alcohol and drug abuse treatment program, as provided in this section; or

(5) any combination of (1), (2), (3) and (4).

(b) The presentence alcohol and drug evaluation shall be conducted by a community-based alcohol and drug safety action program certified in accordance with the provisions of this subsection to provide evaluation and supervision services as described in subsections (c) and (d). A community-based alcohol and drug safety action program shall be certified either by the chief judge of the judicial district to be served by the program or by the secretary of social and rehabilitation services for judicial districts in which the chief judge declines to certify a program. In addition to any qualifications established by the secretary, the chief judge may establish qualifications for the certification of programs, which qualifications may include requirements for training, education and certification of personnel; supervision and monitoring of clients; fee reimbursement procedures; handling of conflicts of interest; delivery of services to clients unable to pay; and other matters relating to quality and delivery of services by the program. In establishing the qualifications for programs, the chief judge or the secretary shall give preference to those programs which have had practical experience prior to July 1, 1982, in diagnosis and referral in alcohol and drug abuse. Certification of a program by the chief judge shall be done with consultation and approval of a majority of the judges of the district court of the district and municipal judges of cities lying in whole or in part within the district. If within 60 days after the effective date of this act the chief judge declines to certify any program for the judicial district, the judge shall notify the secretary of social and rehabilitation services, and the secretary of social and rehabilitation services shall certify a community-based alcohol and drug safety action program for that judicial district. The certification shall be for a four-year period. Recertification of a program or certification of a different program shall be by the chief judge, with consultation and approval of a majority of the judges of the district court of the district and municipal judges of cities lying in whole or in part within the district. If upon expiration of certification of a program there will be no certified program for the district and the chief judge declines to recertify or certify any program in the district, the judge shall notify the secretary of social and rehabilitation services, at least six months prior to the expiration of certification, that the judge declines to recertify or certify a program under this subsection. Upon receipt of the notice and prior to the expiration of certification, the secretary shall recertify or certify a community-based alcohol and drug safety action program for the judicial district for the next four-year period. To be eligible for certification under this subsection, the chief judge or the secretary of social and rehabilitation services shall determine that a community-based alcohol and drug safety action program meets the qualifications established by the judge or secretary and is capable of providing, within the judicial district: (1) The evaluations, supervision and monitoring required under subsection (a); (2) the alcohol and drug evaluation report required under subsection (c) or (d); (3) the follow-up duties specified under subsection (c) or (d) for persons who prepare the alcohol and drug evaluation report; and (4) any other functions and duties specified by law. Community-based alcohol and drug safety action programs performing services in any judicial district under this section prior to the effective date of this act may continue to perform those services until a community-based alcohol and drug safety action program is certified for that judicial district.

(c) A presentence alcohol and drug evaluation shall be conducted on any person who is convicted of a violation of K.S.A. 8-1567, and amendments thereto, or the ordinance of a city in this state which prohibits the acts prohibited by that statute. The presentence alcohol and drug evaluation report shall be made available to and shall be considered by the court prior to sentencing. The presentence alcohol and drug evaluation report shall contain a history of the defendant's prior traffic record, characteristics and alcohol or drug problems, or both, and a recommendation concerning the amenability of the defendant to education and rehabilitation. The presentence alcohol and drug evaluation report shall include a recommendation concerning the alcohol and drug driving safety education and treatment for the defendant. The presentence alcohol and drug evaluation report shall be prepared by a program which has demonstrated practical experience in the diagnosis of alcohol and drug abuse. The duties of persons who prepare the presentence alcohol and drug evaluation report may also include appearing at sentencing and probation hearings in accordance with the orders of the court, monitoring defendants in the treatment programs, notifying the probation department and the court of any defendant failing to meet the conditions of probation or referrals to treatment, appearing at revocation hearings as may be required and providing assistance and data reporting and program evaluation. The cost of any alcohol and drug

education, rehabilitation and treatment programs for any person shall be paid by such person, and such costs shall include, but not be limited to, the assessments required by subsection (e). If financial obligations are not met or cannot be met, the sentencing court shall be notified for the purpose of collection or review and further action on the defendant's sentence.

(d) An alcohol and drug evaluation shall be conducted on any person whom the prosecutor considers for eligibility or finds eligible to enter a diversion agreement in lieu of further criminal proceedings on a complaint alleging a violation of K.S.A. 8-1567, and amendments thereto, or the ordinance of a city in this state which prohibits the acts prohibited by that statute. The alcohol and drug evaluation report shall be made available to the prosecuting attorney and shall be considered by the prosecuting attorney. The alcohol and drug evaluation report shall contain a history of the person's prior traffic record, characteristics and alcohol or drug problems, or both, and a recommendation concerning the amenability of the person to education and rehabilitation. The alcohol and drug evaluation report shall include a recommendation concerning the alcohol and drug driving safety education and treatment for the person. The alcohol and drug evaluation report shall be prepared by a program which has demonstrated practical experience in the diagnosis of alcohol and drug abuse. The duties of persons who prepare the alcohol and drug evaluation report may also include monitoring persons in the treatment programs, notifying the prosecutor and the court of any person failing to meet the conditions of diversion or referrals to treatment, and providing assistance and data reporting and program evaluation. The cost of any alcohol and drug education, rehabilitation and treatment programs for any person shall be paid by such person, and such costs shall include, but not be limited to, the assessments required by subsection (e).

(e) In addition to any fines, fees, penalties or costs levied against a person who is convicted of a violation of K.S.A. 8-1567, and amendments thereto, or the ordinance of a city in this state which prohibits the acts prohibited by that statute, or who enters a diversion agreement in lieu of further criminal proceedings on a complaint alleging a violation of that statute or such an ordinance, \$ 150 shall be assessed against the person by the sentencing court or under the diversion agreement. The \$ 150 assessment may be waived by the court, in whole or in part, or, in the case of diversion of criminal proceedings, by the prosecuting attorney, if the court or prosecuting attorney finds that the defendant is an indigent person. Except as otherwise provided in this subsection, the clerk of the court shall deposit all assessments received under this section in the alcohol and drug safety action fund of the court, which fund shall be subject to the administration of the judge having administrative authority over that court. If the secretary of social and rehabilitation services certifies the community-based alcohol and drug safety action program for the judicial district in which the court is located, the clerk of the court shall remit, during the four-year period for which the program is certified, 15% of all assessments received under this section to the secretary of social and rehabilitation services. Moneys credited to the alcohol and drug safety action fund shall be expended by the court, pursuant to vouchers signed by the judge having administrative authority over that court, only for costs of the services specified by subsection (a) or otherwise required or authorized by law and provided by community-based alcohol and drug safety action programs, except that not more than 10% of the money credited to the fund may be expended to cover the expenses of the court involved in administering the provisions of this section. In the provision of these services the court shall contract as may be necessary to carry out the provisions of this section. The district or municipal judge having administrative authority over that court shall compile a report and send such report to the office of the state judicial administrator on or before January 20 of each year, beginning January 20, 1991. Such report shall include, but not be limited to:

- (1) The balance of the alcohol and drug safety action fund of the court on December 31 of each year;
- (2) the assessments deposited into the fund during the 12-month period ending the preceding December 31; and
- (3) the dollar amounts expended from the fund during the 12-month period ending the preceding December 31.

The office of the state judicial administrator shall compile such reports into a statewide report and submit such statewide report to the legislature on or before March 1 of each year.

(f) The secretary of social and rehabilitation services shall remit all moneys received by the secretary under this section to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of

each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the certification of community-based alcohol and drug safety action programs fee fund, which is hereby created. All expenditures from such fund shall be made in accordance with appropriation acts upon warrants issued pursuant to vouchers approved by the secretary of social and rehabilitation services or a person designated by the secretary.

8-1009. Determination by prosecuting attorney of whether diversion agreement to be allowed.

(a) Upon the filing of a first complaint, indictment or information alleging a person has violated K.S.A. 8-1567, and amendments thereto, when the acts prohibited by K.S.A. 8-1567, and amendments thereto, [*] occur concurrently with any such alleged violation, and prior to conviction thereof, the district attorney or county attorney shall determine whether the defendant shall be allowed to enter into a diversion agreement in accordance with this act.

(b) Upon the filing of a first complaint, citation or notice to appear alleging a person has violated a city ordinance which prohibits the acts prohibited by K.S.A. 8-1567, and amendments thereto, and prior to conviction thereof, the city attorney shall determine whether the defendant shall be allowed to enter into a diversion agreement in accordance with this act.

8-1011. Immunity from liability for damage to vehicle operated by or in control of person arrested or in custody.

A law enforcement officer, and the state or any political subdivision of the state that employs a law enforcement officer, arresting or taking custody of a person for any offense involving the operation of or attempt to operate a vehicle while under the influence of alcohol or drugs, or both, shall have immunity from any civil or criminal liability for the care and custody of the vehicle that was being operated by or was in the physical control of the person arrested or in custody if the law enforcement officer acts in good faith and exercises due care.

8-1012. Preliminary screening test of breath for alcohol concentration; request by officer, grounds; notice required; refusal to take test is traffic infraction; use of results of test; additional tests.

A law enforcement officer may request a person who is operating or attempting to operate a vehicle within this state to submit to a preliminary screening test of the person's breath to determine the alcohol concentration of the person's breath if the officer has reasonable grounds to believe that the person: (a) Has alcohol in the person's body; (b) has committed a traffic infraction; or (c) has been involved in a vehicle accident or collision. At the time the test is requested, the person shall be given oral notice that: (1) There is no right to consult with an attorney regarding whether to submit to testing; (2) refusal to submit to testing is a traffic infraction; and (3) further testing may be required after the preliminary screening test. Failure to provide the notice shall not be an issue or defense in any action. The law enforcement officer then shall request the person to submit to the test. Refusal to take and complete the test as requested is a traffic infraction. If the person submits to the test, the results shall be used for the purpose of assisting law enforcement officers in determining whether an arrest should be made and whether to request the tests authorized by K.S.A. 8-1001 and amendments thereto. A law enforcement officer may arrest a person based in whole or in part upon the results of a preliminary screening test. Such results shall not be admissible in any civil or criminal action except to aid the court or hearing officer in determining a challenge to the validity of the arrest or the validity of the request to submit to a test pursuant to K.S.A. 8-1001 and amendments thereto. Following the preliminary screening test, additional tests may be requested pursuant to K.S.A. 8-1001 and amendments thereto.

8-1013. Definitions.

As used in K.S.A. 8-1001 through 8-1010, 8-1011, 8-1012, 8-1014, 8-1015, 8-1016, 8-1017 and 8-1018, and amendments thereto, and this section:
